

LAKE MARY

PREPARATORY SCHOOL

BYOD Introduction and Specifications

The Lake Mary Prep BYOD (Bring Your Own Device) program requires all Middle School and High School students to bring a laptop to school every day. We believe that technology can supplement face-to-face instruction in order to enhance the learning experience, as well as to equip our students with the skills needed to become proficient in our Six Pillars of Technology framework, which include: professional-level publication, professional-level presentation, original research, data analysis, statistics/probability, and professional responsibility in a digital world.

Recommended Laptop Specifications :

- Operating System: Apple MacOS 11 or newer; Microsoft Windows 10
Please note that Chromebooks or laptops running Chrome OS have been found to be incompatible with certain educational websites and are therefore not permitted.
- Processor: Quad Core or better recommended
- Memory: 8 GB Minimum
- Hard Drive: 128 GB minimum, (SSD) Solid State Drive recommended
- Wireless Networking: 802.11n compatible

All computers must arrive on the first day of school with the following software:

- Anti-Virus Software with a current subscription that will not expire during the school year
- Anti-Malware Software with a current subscription that will not expire during the school year

For more information regarding Technology Requirements, please contact Mr. Jeff Buyna via email at jeff.buyna@lakemaryprep.com or at 407-805-0095 ext. 338.
