Review of EBA 2 Progress

Construction on the East Building Addition Phase 2 continues to progress as anticipated. Equipment is scheduled for delivery on July 1st with completion shortly thereafter. In the end, the project will be completed on time and slightly under budget.

Summer 2023 Improvements to Academic Facilities

The original list of projects for Summer 2023 has been revised due to bid estimates.

1. Carpet replacement
2. Student chair replacement - replace as needed
3. Performing ArtsCenter improvements
4. Project lead the way 1420
5. West building roof and hvac (no roof now) - both are in need, mechanical is a bigger need. Do mechanical work first, then replace the roof.
6. Parking D expansion
7. VHAC tennis courts (dig up in their entirety; reverify the grading)
8. Route 22 entr/exit widening (separate project)

Recommendation: authorize Wight & Co. to move to the design development phase for the renovation and maintenance schedule with the phased approach for the PAC.

Administration will continue to research alternatives and the need for the Route 22 entrance improvements.
