

Getting Ready for Kindergarten

We look forward to having your child in Kindergarten in August. As summer gets underway and you begin to think about your child in Kindergarten, here is a list of things you may want to keep in mind over the summer:

- Read books from the Summer Reading List
- Draw a picture about one of the books-bring to school in August
- Work on naming uppercase and lowercase letters and identifying their sounds
- Practice writing uppercase and lowercase letters
- Listen to and retell a familiar story
- Do you know which hand you write with?
- Work to use the [correct pencil grip](#)
- Practice writing your name
- Practice using scissors correctly to cut on a line
- Practice counting orally and writing numbers to 20
- Practice using one-to-one correspondence in counting to 10

We can't wait to meet you in August. It will be an exciting year in Kindergarten. Have a wonderful summer!

Love, The Kindergarten Teachers
