

April 5, 2021

Dear AUSD Community:

We are writing jointly today to let the community know that our bargaining teams are meeting this Wednesday, April 7, to begin negotiations for the Fall. There is considerable work to be done to ensure that next year meets as many needs as possible.

Our shared goal is to come to agreements as early as possible this spring so that students, staff, and parents all have clarity on the school year ahead and are provided some relief from the anxiety a year's worth of uncertainty has brought upon us all.

We are jointly optimistic about conditions continuing to improve, and we share the goal of a safe, comprehensive reopening of all K-12 campuses on August 16.

Respectfully,

Judith Klinger
President, Alameda Education Association
(AEA)

Pasquale Scuderi
Superintendent
Alameda Unified School District
