(Spring Break)

## FROM THE DESK OF . . . Matt Dillon, Principal

Kyle Families:

Many of my conversations with students relate to something they have seen on the internet. Our children are more connected through social media than ever before. Social media allows students to connect, but there are many risks involved with young children having access to social media. Platforms such as Musical.ly, Facebook and Snapchat can be great ways to connect with friends, but serious problems may prevail if not properly monitored. Here are a few tips to help you navigate social media with your children:

- Always know your child's account passwords.
- Monitor what your child posts and what your child views on their social media feeds.
- Encourage your child not to reply to inappropriate or baiting comments.
- Block offensive or inappropriate accounts.
- Talk to your children about what they are viewing online. Ask them questions and help them develop a good understanding about why something may be inappropriate.

Additional resources are available at <http://www.netismartz.org/Parents>. This resource may be helpful as you determine when it is appropriate to permit your child to have a cell phone or social media account.

The Kyle Book Fair will take place Monday, 3/5, through Friday, 3/9. Online sales end Tuesday, 3/13. You can shop online by visiting [www.scholastic.com/fair](http://www.scholastic.com/fair). All online orders will ship free to Kyle approximately 7-10 days after the closing of the fair on the 13th.

Our last night of conferences for the year is scheduled for March 22nd. Please contact your child's teacher to set up an appointment. March 22nd is also kindergarten registration from 4:00-6:00 p.m. Kindergarten registration is for anyone who has a child that will be 5 years old on or before August 1st. The Ohio Department of Education AIR tests for students in grades 3-5 will begin the week of March 26th. More information will be shared as the date nears.

As a reminder, please continue to drop off students on Plum Street, in front of the school building, and avoid dropping students off on Simpson. This avoids congestion and allows traffic to flow during arrival and dismissal. Following this procedure ensures that our children are safe.

Thanks for all that you do to make Kyle a great place for kids!

# March 2018
