

**Alameda Unified School District
Session Seven: November 30, 2017**

- We had a meaningful discussion around fine tuning the model for identifying and providing services to the students in our district.

- We were immersed in the process of developing goals, strategies, and action steps for instruction, intervention, and identification as well as service delivery.

- Created the Chapters of the plan related to Early Intervention , Identification, and service delivery.

- We were proactive in identifying students with different needs and coming up with support to meet their needs.

- Looked at other district plans with Rialto Unified School District getting a shout out (thank you) for their ideas and a quality plan.
