GENERAL INFORMATION

Alameda Unified School District (“District”) is requesting that mechanical, electrical and plumbing subcontractors, as further described below, prequalify to provide subcontracting services to construct improvements to certain District schools (“District Projects”), as further described in the District’s Request to Prequalify and For Statement of Qualifications for Preliminary and Construction Services (Lease-Leaseback), dated May 1, 2020 which is available on the Districts website, www.alamedaunified.org/Measure_1.

All subcontractors with the following license classifications that intend to bid to the District’s qualified general contractors on District Projects are required to be prequalified by the District: C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, and/or C-46 (“MEPs”). MEPs must complete and submit the Subcontractor Prequalification Questionnaire to Alameda Unified School District Office, 2060 Challenger Drive, Alameda, CA 94501. Only subcontractors that would be performing work on the Project under the above license classifications are required to be prequalified by the District.

Public Contract Code §20111.6 mandates that a school district require each prospective MEP to complete and submit to the District a standardized questionnaire and financial statement in a form specified by the District, including a complete statement of the prospective bidder's financial ability and experience in performing public works construction. In accordance with §20111.6, the District has developed a Pre-Qualification Application which must be completed in advance by all firms seeking to bid these projects.

Only one copy of the Application for Pre-Qualification is required to be submitted.

A person who is knowledgeable and duly authorized to attest to the past and present operations of the Applicant and its policies must complete the Application. An Application certification page must be signed by the preparer and by at least one general partner, owner, principal, or executive officer of the firm who is authorized to legally commit the firm. More than one certification page may be necessary. All questions must be answered. Disclaimers, general statements with global qualifications, or notations of “Not Applicable” are not acceptable. Any pages containing supplemental information and/or other documentation which the Applicant submits to ensure full disclosure, should be attached to the Application.

The Applicant must provide current, accurate, and complete information. Incomplete or inaccurate documentation may result in denial of Pre-Qualification. The District reserves the right to request that Applicants update prequalification forms on a quarterly basis. The District reserves the right to verify the information submitted by the Applicant, in any related documents, or by supplemental information or data as necessary. If it is determined that false, incomplete, inaccurate or deceptive information or data was submitted in conjunction with the Application, the District may deny Pre-Qualification, revoke previously granted approval, or, if an award has been made, can terminate the contract and cease making payments.

All costs associated with completion of the Application shall be borne by the Applicant. The District shall not, in any event, be liable for any expense incurred by the Applicant in connection with the preparation, completion or submission of the Application. The financial information submitted in

conjunction with the Applicant's Application is considered confidential business information and will be afforded protection to the fullest extent permitted by law.

The Pre-Qualification Application consists of two (2) primary review modules, which will be used to qualify the Applicants.

Module 1: The first module consists of a list of threshold questions to which the Applicant must answer "No". If the Applicant answers "Yes" to any of the threshold questions, the Application will automatically be rejected. If the Applicant answers "No" to all of the questions, the Application will proceed to the second module.

Module 2: The second module consists of a list of "Rating Questions" all of which the Applicant must answer. If the Applicant's score on the second module meets the minimum of at least 75 the Applicant will qualify for the second module. If the Applicant's score on the second module is not sufficient, the Application will be rejected.

In summary, the Applicant must successfully pass both modules of the Application in order for the Applicant to be Pre-Qualified for these Projects.

The Pre-Qualification of a prospective Applicant shall not limit or preclude the District's subsequent consideration of a Pre-Qualified Applicant's responsibility on factors other than the prospective Applicant's financial qualifications. (See Public Contract Code §20101.)

Applicants shall mail or hand deliver completed Application in an envelope clearly marked Application for Pre-Qualification of General Contractors for Alameda Unified School District to:

Robbie Lyng
Sr. Director of Construction
Alameda Unified School District
2060 Challenger Drive
Alameda, CA 94501

The following can result in denial of Pre-Qualified status:

1. Failure to submit any material information required on the questionnaire;
2. Deliberate submission of false information;
3. Debarment or suspension by any public entity;
4. Conviction of a crime or public offense; or,
5. Any combination of substantive factors including, but not limited to, disregard of laws and regulations, history of failure to perform in other contracts, unresolved tax liens, etc., which, in the sole discretion of the District, do not meet the standards of fitness or reliability expected from firms wishing to do business with the District.

Once the review and evaluation is complete, the Applicant will be notified by letter whether the Pre-Qualification has been approved or denied. Only Applicants for whom the Pre-Qualification Application has been approved will be permitted to submit a bid for any Alameda Unified School District Measure I construction contracts.

Any Applicant denied Pre-Qualification has a right to appeal the decision. The Applicant has five (5) business days from the date of the Denial Notification to file a written appeal with the District's Assistant Superintendent at the Application submittal address shown above. The District will call to order a three-member Review Panel for appeals. None of the Review Panel members shall have participated in the prior review of the Application. Upon receipt of the written appeal, the Review Panel will meet to address the appeal. The Panel may consult with District counsel and other advisors during its review. The Panel will examine the appeal and the facts surrounding the determination before making a decision. The Panel's decision is the final decision of the District. There are no further administrative appeals. The District's formal contract protest procedure is not applicable or available in this appeal process.

Prequalification is valid for a maximum of one year and expires on June 30 each year, at which time a prequalified contractor may fill out a requalification application to extend its status through June 30 of the following year.

The District reserves the right to revoke the prequalified status of any contractor that is not performing appropriately on AUSD projects or other projects.
