

Multigenerational Activity Millage Update

1 message

May 18, 2022

Dear DCS Parents, Staff, and Students,

On Tuesday, August 2, 2022, residents of Dexter Community Schools will vote on a 1.0 mill, 20-year, recreation millage. This [Multigenerational Activity Millage](#) creates a funding mechanism to support multigenerational activities for anyone in the Dexter community.

The Board of Education unanimously supports the size and scope of this proposal.

Decisions made regarding this proposal were based on community interest. Over the past several years, various entities in the Dexter Community have conducted surveys, focus groups, and studies (i.e. Dexter Community Fund, Dexter Senior Center, DCS) and all have demonstrated overwhelming interest in supporting Dexter seniors, community activities, activities for kids and a desire for a community center.

The [Multigenerational Activity Millage](#) can be used to pay for community recreation, construction/maintenance of recreation facilities and programming for DCS residents. This includes support for the Dexter Senior Center, DCS Community Education Programming, and all DCS pools, fields, playgrounds and our Center for Performing Arts.

Information regarding the Multigenerational Activities Millage can be found on the DCS website or by visiting: <https://www.dexterrecmillage2022.com/>

A **Community Forum** regarding the Millage Request is scheduled on Tuesday, June 7, 2022 at 7:00 p.m. via Zoom. To register for the forum, please visit: <https://us02web.zoom.us/meeting/register/tZwkd-GvrTkiEt0tLDdySC3C-L84RI-A2sD6>

After registering, you will receive a confirmation email containing information about joining the meeting.

Additional forums will also be scheduled prior to August 2, 2022.

Thank you for your continued support and for voting on August 2, 2022.

Sincerely,

Christopher Timmis, EdD

Superintendent
