Classes begin **Monday July 11, 2022**

Dear Parent/Guardian(s) of **2022/2023 11th and 12th Graders:**

Please complete the application form, attach a copy of your learner's permit, and return it either by mail to Driver's Education/Castleton located at 145 Merle Avenue, Oceanside or Scan to: lraymond@oceansideschools.org no later than Friday, **Friday, June 3, 2022.**

Students must possess a Learner's Permit and reside in the Oceanside School District. Registration forms will be accepted subject to availability. **You will be notified during the week of June 13, 2022 as to the status of your application.** Should you accept the assigned schedule, you will then need to formally register by paying the fee (\$300) to DOCA by check or through **Webtrack** by **July 6, 2022.** All information regarding schedule and payment will be sent by School Messenger.

There will be several changes to our in-vehicle driving component, please read carefully. COVID-19-related circumstances are not allowing our driving school to operate for the summers drivers' education course. In order to meet the full 24 hours requirement, **a parent/guardian will be responsible for all 24 hours of student observation and behind-the-wheel instruction.**

The cost has been adjusted to reflect the changing program. The new price will be \$300.00, reduced from \$600.00, which will include 24 hours of virtual theory classes.

Approximately 2 to 3 weeks after completion of the New York State accredited Driver Education program all students will receive their MV-285 Certificate of Completion. This will enable students to schedule their road test and obtain a license, once they pass their road test.

We appreciate the patience our community has shown and hope to accommodate as many students as possible. As always please call our office with any questions or concerns.

PRIVATE SCHOOL STUDENTS: Your household must be registered with the district. Prior to registration, please call 678-7541 to verify that your household is registered.

Make-Up Policy:

Attendance at all theory classes is mandatory and excessive absences (2+) will result in dismissal from the program. As per New York State law, ALL absences must be made up. If your child has commitments that will interfere with attendance (**i.e., school trips, sports, competitions, college visitations, entrance examinations, family functions, etcetera**) he/she should register for a subsequent session in the Fall where he/she has no conflicts.

See schedule enclosed and HOLD FOR REFERENCE. Theory classes will take place virtually. Mr. Nicholas Punzone, theory teacher, will send a google meet to all students prior to the start of the class.

Driver & Traffic Safety Education in New York State schools is a course implemented via a joint partnership between the NYS Education Department and the Department of Motor Vehicles. The Driver Education course is intended to educate students on appropriate driving skills and habits as well as playing a responsible role in the highway transportation/safety system. Students who satisfactorily complete the course are eligible to receive the MV-285 Student Certificate of Completion, which allows:

- A NYS Junior Permit holder to schedule a road test,
- Young drivers a possible reduction in automobile insurance cost (participation is dependent upon insurance provider participation), and
- A 17 year old to receive a senior license (MV-285 form must be submitted to local DMV to attain this benefit).

New York State has increased the number of practice driving hours required before scheduling a road test to a minimum of 50 hours with at least 15 hours at night (after sunset). Oceanside Driver Education requires that these hours be provided by the parent/guardian and Form MV-262 must be completed by the parent/guardian and presented at the road test to certify that you have provided **50 hours** to your child. Therefore, instructors do NOT sign the MV-262 form. This form can be downloaded at dmv.ny.gov/forms/mv26.
