

SUGGESTED ITEMS FOR BOARDERS TO PACK

The following is adapted from the College Board's "Off to College Checklist" and is intended as a framework only. Students should bring to campus items that are necessary for their success in the classroom and in boarding life at Peddie. At the culmination of the academic year, a limited amount of storage is available for student belongings including refrigerators, desk chairs, bicycles, refrigerators, and books packed in plastic containers.

FURNITURE

Each student will be provided an extra long twin bed, dresser, desk, wooden or plastic desk chair, and closet space for their own personal use. Futons, sofas, loveseats, recliners, or equivalent furniture pieces are NOT permitted. Folding or inflatable chairs that can be easily stored and personal desk chairs are permitted. One refrigerator is permitted per room and can be no larger than 5 cubic feet. Prior to purchasing a fridge, we encourage new families to have a conversation with their roommate during the move-in process.

SCHOOL SUPPLIES

Students should speak with their teachers during the first week meetings to see what additional supplies may be required for each class. Many of the supplies listed below are available at [The Peddie Store](#) and can be purchased online or at the store located inside the Student Center.
