

Magnolia ISD Prekindergarten Family Engagement Plan

Magnolia ISD is committed to providing our youngest learners with a high-quality prekindergarten program. We strive to create a collaborative partnership with our families and community to support and promote the success of each student.

Family Engagement as defined by TEA is the mutual responsibility of families, schools, and communities to build relationships to support student learning and achievement, family well-being, and the continuous learning and development of children, families, and educators. Family engagement is fully integrated into the child’s educational experience.

We are dedicated to developing and maintaining collaborative relationships with parents and community partners to enhance the learning experiences for all of our students.
