CURIOUS. CREATIVE. CARING.

Newsletter May 16th-May 20th

Hello Families,

Grades 3-6 began their SBAC testing this week and will continue next week as well. We want to thank our food service crew for providing great breakfasts to fuel our kids through testing!

Last week we had our Kindergarten Screening. We have 7 wonderful additions entering ABS in the fall. Thanks to all who helped with the screening, it was a fun day!

Adventure Club

This Friday, 5/20 is the last day of session 5 of Adventure Club, the new session begins on Monday, May 23rd. Please note, the last day of Adventure Club will be Thursday, June 16th.

May 23rd- 27th

Welcome to Penny Wars

This is a fundraiser to help raise funds for the ABS 6th grade class trip!

Here's how it works:

For every penny collected in your class bucket, you get 1 point

For every non-penny coin or bill, you get negative 1 point

This will be counted up each day by the 6th graders as they practice positive and negative integers.

The winning class (class with the most points) will get to participate in a Pie in the Face of the Principal!

All proceeds will go to the 6th grade class trip!

Dear Families,

- 1) Sunny weather and outdoor adventures! Always a good idea to apply bug spray and sunscreen on your child in the morning before leaving for school.
- 2) We do have some cases of Flu in our community so please watch for covid and Flu symptoms which have many similarities. Flu is traditionally in February. I am hopeful that the beautiful outdoor weather will decrease the spread.
 - If you have "covid/ flu like symptoms" and test negative for covid please reach out to your provider to be evaluated for Flu.
 - Encourage hand washing and regular surface cleaning.

- Stay home when you are sick.

Signs and Symptoms of FLU

Similarities:

Both COVID-19 and flu can have varying degrees of symptoms, ranging from no symptoms (asymptomatic) to severe symptoms. Common symptoms that COVID-19 and flu share include:

- Fever or feeling feverish/having chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue (tiredness)
- Sore throat
- Runny or stuffy nose
- Muscle pain or body aches
- Headache
- Vomiting
- Diarrhea
- Change in or loss of taste or smell, although this is more frequent with COVID-19.
