

# Paden Elementary School - Master Planning Goals

## Critical Facility Needs (CFN)

Improvements to meet code requirements, student safety, building infrastructure systems and preservation of buildings from the deleterious impacts of the environment. CFN items are not prioritized

- Accessibility issues throughout the campus are to be brought up to current codes, including exterior path of travel, drop-off, parking, doors, signage, playground, and way-finding signage
- Site drainage issues: add drains
- Roof and flashing replacement
- Building repairs: dry rot, water leaks, etc.
- Exterior and interior painting and patching
- Replace leaking and inoperable windows and exterior doors
- Replace stained and damaged acoustic ceilings
- Replace classroom and corridor flooring
- Structural / seismic improvements
- Upgrade emergency egress and site lighting
- Upgrade: power and data infrastructure throughout
- HVAC upgrades: boiler replacement, new rooftop units

## Educational Program Needs (EPN)

Improvements that impact student learning environments and support the District's Educational Program/ Education Specifications. EPN improvements impact more than just classrooms and can include libraries, multi-use buildings, student services and outdoor teaching areas. EPN items are prioritized below by committee.

1. Projection technology and Wi-Fi infrastructure to support mobile technology at all classrooms
2. Window shades with room-darkening capability
3. Security cameras at entrances
4. Added window at Administration office for control & safety
5. New wheeled, multi-function furniture for flexibility at classrooms and library
6. Improved acoustics at Kinder classrooms
7. Covered shade structures
8. Additional storage is needed throughout

## Future Facility Needs (FFN)

Future Facility Needs are improvements not covered above. FFN provides desired improvements that may include aesthetic considerations, optional upgrades or other non-critical but wanted work to each school. FFN items are prioritized below by committee.

1. Dedicated Art/ Science classroom
2. Permanent stage w/storage and dedicated Music Room, ideally adjacent to Multi-Purpose Room
3. Green areas at upper play yard
4. Replace portable classrooms with permanent classrooms
5. Improve noise control between classrooms, possibly addition of doors between classrooms at existing openings
6. Reconfigure the Circulation at the Library/ Media Center to improve control and circulation
7. Flooring at stairs needs additional skid resistance
8. Need a new ball wall for PE use
9. Consider implementation of a previously-proposed landscape plan to include greenbelt, amphitheater, interpretative learning areas and pedestrian dock on the Bay
