

# Alameda Science & Technology Institute - Master Planning Goals

## Critical Facility Needs (CFN)

Improvements to meet code requirements, student safety, building infrastructure systems and preservation of buildings from the deleterious impacts of the environment. CFN items are **not** prioritized.

- Accessibility to some key areas
- Portable buildings are congested on site, with extensive ramp system
- Phone and public address systems are inadequate

## Educational Program Needs (EPN)

Improvements that impact student learning environments and support the District's Educational Program/ Education Specifications. EPN improvements impact more than just classrooms and can include libraries, multi-use buildings, student services and outdoor teaching areas. EPN items are prioritized below by committee.

1. Replace aging portable classroom space with permanent buildings with new General and Science Classrooms
2. Move COA Career Center out of ASTI cluster to provide space for new buildings
3. Add a Common room, adjacent to Administration
4. Provide Administrative offices with ability for privacy
5. Updated technology infrastructure

## Future Facility Needs (FFN)

Future Facility Needs are improvements not covered above. FFN provides desired improvements that may include aesthetic considerations, optional upgrades or other non-critical but wanted work to each school. FFN items are prioritized below by committee.

1. Create exterior courtyard gathering/learning space
2. Provide ASTI entry identity
