## 2022-23 FINANCIAL CONSIDERATIONS

Dear KIS Families,

As we plan for the 2022-23 school year, it is unclear as to whether we will be able to have face-to-face learning or if we will need to continue with online learning. We sincerely hope to be on campus, but must also make preparations for the possibility and need to be online.

We are well aware of the hardship many families have faced due to the war in Ukraine. We also recognize that any online learning program brings its own unique challenges, including an increase in daily parent involvement and childcare. Below are some important financial considerations for all KIS families.

### TERM-BY-TERM ONLINE LEARNING DISCOUNT

As we plan for a difficult financial school year, we must keep both the school's operating cost and that of each family in mind. For this reason, we will be offering a discount on a term basis this year, determined by whether or not we have to engage in distance learning.

- The discount will be for all students, Preschool-Secondary 4, who are engaged in online classes, and will cover the full term fees (tuition and capital fund fees).
- If the school starts with online learning but switches to face-to-face in November, the discount will continue until the end of first term, with the expectation to pay regular fees beginning the second term.
- As a result of this discount plan, KIS will not have an additional discount for full or timely payments.
- Additional invoices or refunds can be made for those who would like to make full yearly payments as necessary.

**Below are the regular tuition and capital fund fees with the possible online learning discount fees. This is only applicable if KIS is not able to move back to Kyiv for face-to-face learning. If KIS moves back to Kyiv, we will return to our normal fee structure the following term.**

# ONE-YEAR FINANCIAL ASSISTANCE SCHOLARSHIP

As a result of the Russian invasion of Ukraine, on February 24<sup>th</sup>, 2022, many families have been financially impacted by property damage and economic destruction in Kyiv and around Ukraine. Kyiv International School (KIS) is offering temporary (one year) Financial Assistance Scholarships to KIS families.

## FINANCIAL ASSISTANCE SCHOLARSHIP GUIDELINES

- 1) Additional scholarships are available for families who have financial need due to the war in Ukraine.
- 2) The child must be in good health as required of any full paying student.
- 3) Parents should explain the reason for financial assistance and need. Many have lost businesses, property, and other sources of income and this is the intent for the temporary financial assistance, so we ask those who are still in good financial standing to pay full tuition.
- 4) One-year financial assistance will be given according to set percentages that are meant to best match the needs of each specific family.

## FINANCIAL ASSISTANCE SCHOLARSHIP RENEWAL

This is a one year financial assistance scholarship and as such, there will be no renewal process for families the following school year.

## MAINTAINING ELIGIBILITY

Maintaining eligibility is still dependent upon the student meeting all of the following criteria throughout the academic year.

- Academic Excellence
- Social Excellence
- Attendance

Students who have their scholarship revoked, may have the opportunity to continue their studies at KIS as non-scholarship students whose parents pay full tuition.

## FINANCIAL ASSISTANCE SCHOLARSHIP APPLICATION WINDOW

KIS will be accepting financial assistance applications/requests throughout the school year as necessary. Those seeking additional support should email directly to [director@kyiv.qsi.org](mailto:director@kyiv.qsi.org).

We hope that some of these policies and adjustments will help during a difficult financial year for families.

Sincerely,  
Luke Woodruff
