YEAR-LONG CLASSES: The annual registration closes on June 6 for competitive teams and on August 15 for technique classes. If your student withdraws from the competition program during the year, you are still responsible for the full amount of your financial commitment. For students enrolled in technique classes, you will enroll for the year and the fee will be based on the full year. However, withdrawals effective for the second semester will be accepted if submitted to the Program Director AND Fine Arts Director using this form by November 4. In this case, instruction fees will be deducted through November 1, which effectively means the cost for the first semester will be greater than half of the annual fee. Program and registration fees are non-refundable.

This is a request to withdraw my child from the following:
