

Stillmeadow Elementary School

Stillmeadow embraces the principles of good citizenship and social emotional intelligence to create a learning community in which all students can meet their academic potential. We provide a collaborative, experiential learning environment that cultivates curiosity, inquiry, discovery and problem solving. We prepare students to be productive members of a global society by celebrating our diversity and encouraging respectful consideration of different perspectives.

What We Offer

Social Emotional Learning:

Stillmeadow was the first Stamford Public School to adopt RULER—an evidence-based approach for integrating social and emotional learning into schools developed by the Yale Center for Emotional Intelligence. RULER teaches the skills of emotional intelligence (recognizing, understanding, labeling, expressing, and regulating emotion) that are essential to effective teaching and learning, sound decision making, and good health.

Focus on Citizenship:

Stillmeadow utilizes a *Bill of Responsibilities* that clearly defines expectations for student conduct, including treating others with respect, fairness, compassion, and courtesy. Students who model the behaviors in the Bill of Responsibilities are recognized during monthly Citizenship Award assemblies.

Blended Learning and Differentiated Instruction:

Stillmeadow students benefit from a blended learning environment that utilizes teacher-led instruction and technology-based activities. Instruction is differentiated based on the student's academic needs. Students experience a combination of one-on-one, small group, and independent learning daily.

What We Do

- Media Center "Makerspace" for hands on, creative learning
- Community events including Reading Under the Stars, Multicultural Night, Fun Run & Family Picnic, STEM Night.
- Mentoring and tutoring partnerships with Wright Tech, the Stamford Public Education Foundation (SPEF), and United Jewish Federation (UJF) Reading Partners
- After school enrichment classes (art, chess, coding, cooking, science, sports, etc.) and ROSCCO after school program
- Music performance opportunities including Stillmeadow Community Singers and Stillmeadow School Band
- Computer coding activities
- Field trips that support classroom learning
- Holiday events including Halloween Hop, Halloween Parade, Holiday Fair and classroom celebrations
- In-school enrichment assemblies
- Parent workshops to support at-home learning
- Community service projects (food drive, book drive, etc.)
