Student Conduct Policy

The Board of Education believes that all students have the right to be educated in a positive learning environment free from disruptions. Students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program while on school grounds, while going to or coming from school, while at school activities, and while on district transportation.

Conduct is considered appropriate when students are diligent in study, careful with school property, courteous, and respectful toward their teachers, other staff, students, and volunteers.

Prohibited student conduct includes but is not limited to:

- (1) Conduct that endangers students, staff, or others
- (2) Conduct that disrupts the orderly classroom or school environment

- (1) Damage to or theft of property belonging to students, staff, or the district
- (2) Possession or use of a laser pointer, unless used for a valid instructional or other school-related purpose

Prior to bringing a laser pointer on school premises, students shall first obtain permission from the principal or designee. The principal or designee shall determine whether the requested use of the laser pointer is for a valid instructional or other school-related purpose.

- (1) Use of profane, vulgar, or abusive language
- (2) Plagiarism or dishonesty in schoolwork or on tests
- (3) Inappropriate attire
- (4) Tardiness or unexcused absence from school
- (5) Failure to remain on school premises in accordance with school rules
- (6) Possession, use, or being under the influence of tobacco, alcohol, or other prohibited drug in violation of school rules

Employees are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or receive a report of a violation of these standards, to immediately intervene or call for assistance. If an employee believes a matter has not been resolved, he/she shall refer the matter to his/her supervisor or administrator for further investigation.

Students who violate district or school rules and regulations may be subject to discipline including but not limited to suspension, expulsion, transfer to alternative programs, or denial of participation in extracurricular or cocurricular activities in accordance with Board policy and administrative regulation. The Superintendent or designee shall notify local law enforcement as appropriate.

Students also may be subject to discipline for any off-campus conduct during non-school hours which 1) poses a threat or danger to the safety of students, staff, or district property or 2) substantially disrupts the educational program of the district or any other district in accordance with law, Board policy, or administrative regulation.

Possession/Use of Cellular Phones and Other Mobile Communications Devices

No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student's health and the use of which is limited to health-related purposes. ([Education Code 48901.5](#))

Students may possess or use on school campus personal electronic signaling devices including, but not limited to, pagers and cellular/digital telephones, as well as other mobile communications devices including, but not limited to, digital media players, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, and laptop computers, provided that such devices do not disrupt the educational program or school activity and are not used for illegal or unethical activities such as cheating on assignments or tests.

If a disruption occurs or a student uses any mobile communications device for improper activities, a school employee shall direct the student to turn off the device and/or shall confiscate it. If the school employee finds it necessary to confiscate the device, he/she shall return it at the end of the class period or school day.

In accordance with the Board's policy and administrative regulation on search and seizure, a school official may search a student's mobile communications device including but not limited to reviewing messages or viewing pictures.

Students shall not use mobile communications devices, even in hands-free mode, while driving on school grounds or to or from a school-related activity.

A student who violates this policy may be prohibited from possessing a mobile communications device at school or school-related events and/or may be subject to further discipline in accordance with Board policy and administrative regulation.

Bullying/Cyberbullying

The Board desires to prevent bullying by establishing a positive, collaborative school climate and clear rules for student conduct.

The district may provide students instruction, in the classroom or other educational settings, that promotes communication, social skills, and assertiveness skills and that educates students about appropriate online behavior and strategies to prevent and respond to bullying and cyberbullying. This instruction may involve parents/guardians, staff, and community members.

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies. Parents/guardians and students also may be provided with similar information.

Students may submit a verbal or written complaint of conduct they consider to be bullying to a teacher or administrator and may also request that their name be kept in confidence. The Superintendent or designee may establish other processes for students to submit anonymous reports of bullying. Complaints of bullying or harassment shall be investigated and resolved in accordance with site-level grievance procedures specified in AR 5145.7 - Sexual Harassment.

When a student is suspected of or reported to be using electronic or digital communications to engage in cyberbullying against other students or staff or to threaten district property, the investigation shall include documentation of the activity, identification of the source, and a determination of the impact or potential impact on school activity or school attendance. Students shall be encouraged to save and print any messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

Any student who engages in cyberbullying using district-owned equipment on school premises or off campus in a manner that impacts a school activity or school attendance shall be subject to discipline in accordance with district policies and regulations. If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

Positive School Climate Policy

The Board of Education desires to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe and take pride in their school and their achievements. The school environment should be characterized by positive interpersonal relationships among students and between students and staff.

All staff are expected to serve as role models for students by demonstrating positive, professional attitudes and respect toward each student and other staff members. Teachers shall use effective classroom management techniques based on clear expectations for student behavior.

Staff shall consistently enforce Board policies and regulations which establish rules for appropriate student conduct, including prohibitions against bullying, cyberbullying, harassment of students, hazing, other violence or threats of violence against students and staff, and drug, alcohol, and tobacco use.

The district's curriculum shall include age-appropriate character education which includes but is not limited to the principles of equality, human dignity, mutual respect, fairness, honesty, and citizenship. Teachers are encouraged to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds.

The Superintendent or designee may develop other strategies to enhance students' feelings of connectedness with the schools, such as campus beautification projects, graffiti removal, development of extracurricular activities and after-school programs, pairing of adult mentors with individual students, recognition of student achievement, and encouragement of strong family and community involvement in the schools.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school.

The schools shall promote nonviolent conflict resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. As part of this effort, students shall be taught the skills necessary to reduce violence, including communication skills, anger management, bias reduction, and mediation skills.

Staff shall receive professional development designed to improve classroom management, conflict resolution techniques, and communications with students and parents/guardians including persons of diverse backgrounds.

Sexual Harassment Policy

The Board of Education is committed to maintaining an educational environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students by other students, employees, or other persons, at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against persons who complain, testify, assist, or otherwise participate in district complaint processes.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex

A clear message that students do not have to endure sexual harassment

Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained

Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made

Complaint Process

Any student who feels that he/she is being or has been sexually harassed by a school employee, another student, or a non-employee on school grounds or at a school-related activity (e.g., a visiting athlete or coach) shall immediately contact his/her teacher or any other employee. An employee who receives such a complaint shall report it in accordance with administrative regulation.

The Superintendent or designee shall ensure that any complaints regarding sexual harassment are immediately investigated in accordance with administrative regulation. When the Superintendent or designee has determined that harassment has occurred, he/she shall take prompt, appropriate action to end the harassment and to address its effects on the victim.

Disciplinary Actions

Any student who engages in sexual harassment of anyone at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Confidentiality and Record-Keeping

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in the schools
