

Dear Parents and Carers 23.05.22

In literacy this week we will be exploring a new text about saving the planet called '10 Things I can do to help my World'. We will be discussing the ways we show our love for the world, talking about the impact rubbish has on the environment and looking for recyclable materials in our classrooms.

In maths we will be starting some work on doubling and making our own double dominoes.

double

- Please can we remind the pupils that toys should not be being brought in to school. We have noticed that they are causing arguments and can easily get lost or broken. Thank you for your support with this.
- Please ensure that your child brings a named sunhat to school during hot spells. We only have a few spares, and unfortunately without one pupils are unable to go onto the field as it is quite exposed.
- As a reminder you are invited to celebrate the Platinum Jubilee with pupils from 2:40pm on Thursday 26th May on the academy field. Please bring along your own picnic blankets or chairs to join with music and games. We are also hoping you will follow our theme and dress up on the day too!
