After conferences last Wednesday evening at the Sayreville War Memorial High School (SWMHS) the Guidance Department, led by Ms. Donna Sicola, district Supervisor of Guidance, and her talented school counselors, held Junior Night. If you are unfamiliar with this activity, it was designed and implemented for the purpose of providing vital information about college and post-secondary planning so that parents can assist their 11<sup>th</sup> grade students in successfully navigating through the college application and post-secondary planning

process. As always, the highlight of the event was a presentation made by Barbara Loftus, Admissions Counselor at Rutgers University and parent of a SWMHS student. To see the presentation, click [here](#). We commend Ms. Sicola and all her very dedicated and hard-working counselors at the high school for this invaluable presentation.

In addition, after conferences on Thursday, Ms. Kim Grossman, Supervisor of English Language Arts and World Languages, met with students from SWMHS who are fluent in more than one language and their parents to inform them of how they can apply to receive the NJ Department of Education Seal of Bi-Literacy

Last Thursday Ms. Atiyah Conry, SWMHS Computer Science Teacher organized and hosted a STEM alumni Question and Answer seminar in the SWMHS Media Center for her computer science students. The SWMHS students in attendance were able to ask and get advice from Sayreville alumni currently pursuing degrees in computer science and other STEM related disciplines. Earlier in the day on

Thursday, the Truman School Elementary School Cultural Arts Committee proudly presented a Native American program by the Redhawk Native American Arts council today. Students and teachers experienced cultural awareness through music, dancing, art, and song.

Last Friday and Saturday students from the Sayreville Middle School performed the musical *Mary Poppins* in the SWMHS auditorium. It was the 14<sup>th</sup> annual musical production led by Joyce Campbell and Patsy Palma, both of whom are teachers of music at the middle school. Through dedicated fundraising, the students that took part in this unbelievable theatrical experience had the privilege of participating in a Broadway-like

show with all the amenities. In fact, rather than recorded music, the music for the production was actually performed by a pit orchestra, which included several SWMHS student musicians. Furthermore, the sets and costumes were vibrant, authentic, and parallel to that of which you would see in a Broadway show. Moreover the acting, singing, and dancing performed by our middle school students was incredibly impressive and quite inspiring. It was clear in the performances of all our students that they and the wonderful middle school staff that assisted them, worked tirelessly during the first four months of the school year to prepare this masterpiece. Thus, Bomber Nation salutes and thanks everyone who took part in this magical production. Bravo!!

This past week our amazing students and staff continued to impress and inspire us with their accomplishments. The SWMHS Distributive Education Club of America (DECA) chapter represented our school in the Regional DECA competition. I am proud to say that all of their hard work paid off. Below you will find all the students who have placed to move on to their next competition in Atlantic City.
