

## Parent Bulletin Friday 8th April 2022

Dear Parents/Carers

Thank you to parents for their understanding this week when I have had to place some students on home study. It has been incredibly difficult to manage the levels of staff absence we have had and I am really hoping that the Easter break will provide for a reset on these problems.

This week has continued to be busy in school. Aside from today's Cultural Day where numerous students wore cultural dress we have also had a number of reward trips and activities for students who have worked well this term or participated in a range of after school clubs. It was a pleasure to welcome Year 9 parents to school on Tuesday for options meetings and we are delighted with how many attended.

Further on in this bulletin I have included a link to the hide for benefits which Slough Borough Council have asked that we share with parents to support those who may be starting to experience financial hardship with finding out what support is available to them.

Finally, today marks the start of the Easter holiday and school returns on Monday 25th April at the usual time. Please make sure your child updates their school equipment and has all the correct uniform for when we return.

Happy Easter to you all.

Best wishes

Mr Collins

## Canine Services – Mr Culkeen

ICTS Canine Services met with Year 7, 8 & Year 12 students on Thursday morning. The dogs demonstrated some of their skills, and they were out at about at break time to meet with the school community. Students who met with the team expressed admiration for the skill of the staff members and the training of the detection dogs.
