Formulation Statement for Documenting Grains in School Meals
Required Beginning SY 2013-2014
Crediting Standards Based on Revised Exhibit A
weights per oz equivalent

School Food Authorities (SFAs) should include a copy of the label from the purchased product carton in addition to the following information on letterhead signed by an official company representative. Grain products may be credited based on previous standards through SY 2012-2013. The new crediting standards for grains (as outlined in Policy Memorandum SP 30-2012) must be used beginning SY 2013-2014. SFAs have the option to choose the crediting method that best fits the specific needs of the menu planner.

Product Name: Whole Grain Fortune Cookies Code No.: 79203
 Manufacturer: Asian Food Solutions Serving Size: 1oz (6 cookies)

I. Does the product meet the Whole Grain-Rich Criteria: Yes x No

(Refer to SP 30-2012 Grain Requirements for the National School Lunch Program and School Breakfast Program.)

II. Does the product contain non-creditable grains: Yes No x **How many grams:**

(Products with more than 0.24oz equivalent or 3.99 grams for Groups A-G and 6.99 grams for Group H of non-creditable grains may not credit towards the grain requirements for school meals.)

III. Use Policy Memorandum SP 30-2012 Grain Requirements for the National School Lunch Program and School Breakfast Program: Exhibit A to determine if the product fits into Groups A-G (baked goods), Group H (cereal grains) or Group I (RTE breakfast cereals). *(Please be aware that different methodologies are applied to calculate servings of grain component based on creditable grains. Groups A-G use the standard of 16 grams creditable grain per oz eq; Group H uses the standard of 28 grams creditable grain per oz eq; and Group I is reported by volume or weight.)*

Indicate which Exhibit A Group (A-I) the Product Belongs: B

Description of Product per Food Buying Guide	Portion Size of Product as Purchased A	Weight of one ounce equivalent as listed in SP 30-2012 B	Creditable Amount A ÷ B
Fortune Cookies (Sweet Crackers)	28.3495 grams	28 grams	1.0124
Total Creditable Amount¹			1

¹ Total Creditable Amount must be rounded **down** to the nearest quarter (0.25) oz eq. Do **not** round up.

Total weight (per portion) of product as purchased 28.3495

Total contribution of product (per portion) 1 oz equivalent

I further certify that the above information is true and correct and that a 1 ounce portion of this product (ready for serving) provides 1 oz equivalent Grains. I further certify that non-creditable grains **are not** above 0.24 oz eq. per portion. Products with more than 0.24 oz equivalent or 3.99 grams for Groups A-G or 6.99 grams for Group H of non-creditable grains may not credit towards the grain requirements for school meals.

Buy American Provision

Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Public Law 105-336) added a provision, Section 12(n) to the National School Lunch Act (NSLA) (42 USC 1760(n)), requiring school food authorities (SFAs) to purchase, to the maximum extent practicable, domestic commodities or products. This Buy American provision supports the mission of the Child Nutrition Programs, which is to serve children nutritious meals and support American agriculture. The Buy American provision applies to SFAs located in the 48 contiguous United States and is one of the procurement standards these SFAs must comply with when purchasing commercial food products served in the school meals programs.

Section 12(n) of the NSLA defines “domestic commodity or product” as an agricultural commodity that is produced in the U.S. and a food product that is processed in the U.S. substantially using agricultural commodities produced in the U.S. Report language accompanying the legislation noted that “substantially means over 51% from American products.” Therefore, over 51% of the final processed product (by weight or volume) must consist of agricultural commodities that were grown domestically. Thus, for foods that are unprocessed, agricultural commodities must be domestic, and for foods that are processed, they must be processed domestically using domestic agricultural food components that are comprised of over 51% domestically grown items, by weight or volume as determined by the SFA.

For products procured by SFAs for use in the Child Nutrition Programs using nonprofit food service account funds, the product’s food component is considered the agricultural commodity. FNS defines food component as one of the food groups which comprises reimbursable meals. The food components are: meats/meat alternates, grains, vegetables, fruits, and fluid milk. Please refer to 7 CFR 210.2 for full definitions. Any product processed by a winning vendor must contain over 51% of the product’s food component, by weight or volume, from U.S. origin. This definition of domestic product serves both the needs of schools and American agriculture. Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are considered domestic products under this provision as these products are from the territories of the U.S.

Asian Food Solutions/Comida Vida warrants that its products are produced in the United States and meets the standards under the Federal Buy American Provision and USDA Commodity Processing Guidelines. The following is a list of our items that meet this rule.
