PRODUCT SPECIFICATION – NATURAL SEEDLESS RAISINS

Item No. 04 02020 000

24/6/1.33 Ounce Cartons

GENERAL

This ingredient shall be of food grade and in all respects, including labeling in compliance with the Federal Food, Drug and Cosmetic Act of 1938 as amended and all applicable regulations thereunder, with the standards of the Global Food Safety Initiative and the United States Food and Drug Administration (US FDA) current Good Manufacturing Practices, title 21 CFR part 110.

Pesticides must be within tolerances established by United States Environmental Protection Agency (US EPA) Regulations. Pesticides having either no established or zero tolerance must be non-detected. No preservatives are added to this ingredient during processing. Furthermore, the packaging materials used do not contain any additives or preservatives which can migrate into the ingredient.

DEFINITION

Stemmed, capstemmed, and cleaned Natural Seedless Raisins. Product of USA

CHEMICAL COMPOSITION

Moisture (By DFA-Dried Fruit Association Meter) 16.0 to 18.0%

PHYSICAL CHARACTERISTICS

Defects - (As defined in the U.S. Standards for Grades of Processed Raisins):

Pieces of stem

Capstems

Grade A or Better - Maximum 15 per pound

Total Defects (USDA)

Grade B or Better

Size

Select

ORGANOLEPTIC

The raisins will be of typical color and have a characteristic raisin flavor.

GMO

Sun-Maid raisins are not derived from genetically modified sources nor are any genetically modified materials used in processing and packaging of raisins.

PACKAGING

The raisins will be packaged in food grade containers, which are contained in corrugated cases.

KOSHER STATUS

Certified Kosher by OK Kosher

SHELF LIFE AND STORAGE CONDITIONS

Shelf Life: 18 months. Sun-Maid generally recommends storage temperature of 12°C and Relative Humidity of 55% for storage. This recommendation covers various situations and storage times and helps to ensure product quality and protection.

EFFECTIVE DATE

02/06/2020
