4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

Push to inform and communicate to families that cost should not be the reason why your student cannot participate in extracurricular activities. Currently, many families do not know how to access the funds. Beginning this year Skyline will increase communication to all families. A source of funds that could be passes on would allow families the ability to donate to the sport their student is participating. These funds may help to provide assistance to someone else in the program. Here are some activities where this information can be communicated - Ninth grade parent night (information was communicated), athletic parent nights, New student-parent nights, Mass - Skyline E News and Final Forms emails. PTSA and booster meetings. Posted the information on our Skyline and Skyline Athletic Websites.
