 Course Structure    Ⓞ Single Semester    ▼ Full Year (Single Grade)    Ⓞ Multiple Years (Combined Grades)

**Course Description** Students who participated in the band program in seventh grade continue with their musical development in eighth grade band. As in seventh grade, students meet in small, like instrument classes, every other day. In this small group setting, students advance their skills on their instrument on an every other day basis. Part of the course is a twice weekly rehearsal where all of the small groups come together to form a large ensemble. In this ensemble, the students take the skills learned in the small group setting and apply them to the concert band situation. Since performance is an integral part of this class, students are required to attend and perform at several after school concerts throughout the school year. A complete schedule of performances is given at the beginning of the school year. Students who have never studied an instrument or are switching instruments will have the opportunity to do so through instruction outside of the class. Students, through this class, have the opportunity to continue their study on their instrument at the high school the following year.
