

Give Your Children a Boost This Summer With Our Enrichment Programs

Our Extended Day program complements Sayreville's summer camp to provide a **full day of fun**. Enroll with the school district then enroll in our programs at www.leadingedgekids.com. We are also offering our full day *Camp Imagine* in July and August with special themes and activities.

Our programs offer:

- **Flexible scheduling:** Choose the days and weeks you'd like. We offer full and part-time options during Sayreville's Camp XL, which is running July 5th through August 4th, and during our *Camp Imagine* as well.
- **Engaging activities:** Our lab based programming means your children will have unique and fun activities daily with other children in their school district.
- **Safe, high quality programs:** Our programs are staffed with experienced teachers and meet or exceed current CDC guidelines.

Program Information & Pricing (per day/student)

Program Options	Dates	Program Hours	Full-Time (5 days/week)	Part-Time (2-4 days/week)

Additional Details

Programs for **1st-8th** will take place at Samsel Upper Elementary School.

Programs for **Pre-K and Kindergarten** will take place at Cheesquake Elementary School.

- **Sayreville Camp XL, July 5th – August 4th:** Our Extended Day program complements Sayreville Public School's summer camp to provide a **full day of fun**. Enroll with the school district at www.sayrevillek12.net then enroll in our extended day program at www.leadingedgekids.com. To get a full week of coverage, children enrolled in Sayreville Camp XL can sign up for our *Camp Imagine* on Fridays.

Please note: there will be Extended Day on **Friday, July 8th** since Sayreville Camp XL will be in session that day due to the 4th of July week's adjusted schedule.

- **Camp Imagine, July 5th – August 26th:** We will provide our full day *Camp Imagine* Monday through Friday. Each week will have a special theme (see below for sample themes).

Minimum enrollment of 5 for Extended Day and 5 for *Camp Imagine* must be met by June 10th. Registration will be accepted after this date, provided minimum enrollment has been met.

Payments for services are due in advance. Any schedule changes must be completed by noon, the Thursday before each week of program begins.

Leading Edge *Camp Imagine* Activities

Volcanoes

3..2..1...Eruption! Our young scientists will learn about the various active and inactive volcanoes around the world, create lava, and have the opportunity to construct their very own volcano models! We cannot wait to see their excitement when the volcano finally erupts.

Music Makers

From Jazz to Pop to Rock & Roll, our campers will experience the magic of music as they learn about different instruments and music genres. We will end the week with a musical show where our young talent can show off their musical abilities.

Adventures in Space

Space – it truly is the final frontier. Campers will explore the universe and learn what makes our solar system unique! Campers will learn about space exploration, build their own model satellites, study cosmic distance, create their own alien language, and much more.
