

BUILDING CAPACITY FOR INVOLVEMENT

Title I, Part A, Section 1116(e) of the Every Student Succeeds Act describes the six “*shalls*” stated in the law under *Building Capacity for Involvement*. The law provides eight additional “*mays*” (that are not required, but are allowable) to ensure meaningful capacity building of parents, family members, and school staff. To ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, each school and local educational agency assisted under this part—

- (1) **SHALL** *provide assistance* to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, state and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children;
- (2) **SHALL** provide *materials* and *training* to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement;
- (3) **SHALL** *educate* teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the *value* and *utility* of contributions of *parents*, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school;
- (4) **SHALL**, to the extent feasible and appropriate, *coordinate* and *integrate parent involvement programs* and *activities* with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children;
- (5) **SHALL** *ensure* that *information* related to school and parent programs, meetings, and other activities is *sent* to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand;
- (14) **SHALL** *provide* such other *reasonable support* for parental involvement activities under this section as parents may request.

The National PTA Standards for Family-School Partnerships, which the State Board of Education endorsed in 2010 as Georgia’s Family Engagement Standards, provides an effective framework for carrying out the six *SHALLS*, the eight *MAYS* under the law, and a school or district’s Title I parent and family engagement policy/program. Therefore, the “*shalls*” are the **activities** to implement and the Family Engagement Standards are the **framework** to help ensure effective parent and family engagement policy and plans.

The National PTA Standards for Family-School Partnerships provide strategies for Title I schools to build parent capacity as required by the Every Student Succeeds Act (ESSA). The Crosswalk for Parent and Family Engagement tool puts this work in a context that is easy to understand and family-friendly language in order to assist schools, parents, and communities in understanding the law by aligning the PTA Standards with the six “*shalls*” and eight “*mays*” stated in the law.
