Julie MacArthur, on behalf of SMETA, extended a warm welcome to Trustee Lisa Warren. Ms. MacArthur requested that SMETA have a section on the regular Board Agenda for giving updates and reports of the Association, the same way that the San Mateo Union High School District's Union provides their reports at their regular Board meetings. She noted that the Public Comments can go into late hours and two or three minutes is a limited time to speak and share the full perspective of SMETA.

Chelsea Bonini, Trustee of the San Mateo County Board of Education, congratulated Trustee Warren in joining the Board. She pledged to engage in the District's community conversations and listening sessions. She encouraged the Board to attend the County Board of Education meetings and become liaisons as both Boards share visions such as supporting the disproportionality compliance through SELPA. She shared the meeting schedules, adding that their next meeting is March 23, 2021. She encouraged the Board to appoint new members to the SELPA Community Advisory Committee (SELPA - CAC) for the 2021 year and noted that the application and informational material is available on their website. The SELPA – CAC's next meeting will be on March 3. She thanked the Board on behalf of the students and said that she is looking forward to working with the Board over the next four years.

Randi Paynter congratulated Trustee Warren for joining the Board and Trustees Corzo and Watkins for continuing on the Board. She is grateful for the Board's work, time, and commitment. She brought up the topic of Public Comments and described the purpose for it, cautioning the Board of using the information collected during the Public Comments from the participants as the main source of information, as they may not fully represent the entire community. She added to be mindful of the many barriers as to why many other stakeholders do not participate in the Board meetings, for example, not being able to login to access the meetings, work, language, are just a few.

He talked about the budget cycle, adding that the next update on the funds will be at Second Interim, in March 2021. He shared that the pandemic has created drastic decrease in funding in the Annex programs and in the Child Nutrition Program, but he anticipates that savings will cover the losses for this year. He also pointed out that due to the new restrictions in transportation, they may need additional drivers. He noted that the total amount of expenditures utilizing the Cares Act, as of December 2020, has added up to \$4,351,420.
