# Name Cards

- Graduate seating is alphabetical by last name.
- You will be given a name card by your counselor as you line up before Graduation.
- Each Name Card is on a specific color, which will decide where you line up.
  - Blue = On the stand
  - Red = West side
  - Gold = East side

You will receive one name card with your name on it.

Please do not lose this card. It will serve two purposes:

- 1 - Let the officer reading your name to know your full name.
- 2 – Let Bell Photography know your name.

You may **NOT** use anything other than your real name.

(i.e. No nicknames, fake names, etc.)

If you try to use a different name, the officer will not say your name.

When you get to the officers, give them your name card, and quietly say your name. This is so they can pronounce it correctly. Even if you know the officer, still say your name just in case.

Next year's Senior Class Officers will be just through the tunnel. They will hand you a diploma cover, you will then take your picture with the diploma cover and then nicely give the diploma cover back to the officer. This is not the diploma cover you will keep.
