Non-Aerosol Topical Sunscreen Use

Dear Parent/Guardian,

In October 2018, the Pennsylvania School Code was amended to include a section on Sun Protection Measures for Students. Section 1414.10 states that a school entity shall allow the application of sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel. [Review the full legislation](#), which is available on the Pennsylvania General Assembly's website: www.legis.state.pa.us.

Parents/guardians may choose to supply their child with **non-aerosol topical sunscreen**, if it is approved by the U.S. Food and Drug Administration. Parents/guardians must complete and submit the following information for their child to apply sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel.

Student Name: _____ Grade: _____

School: _____

Date: _____

- By checking this box, you confirm that you are the parent/guardian of the student.
- By checking this box, you confirm that you understand that the school is not responsible for ensuring that the sunscreen is applied by the student.
- By checking this box, you confirm that the student has demonstrated that they are able to self-apply the sunscreen.

Parkland School District may cancel or restrict the possession, application, or use of a non-aerosol topical sunscreen product by a student if any of the following occurs:

- The student fails to comply with school rules concerning the possession, application, or use of the non-aerosol topical sunscreen product.
- The student shows an unwillingness or inability to safeguard the non-aerosol topical sunscreen product from access by other students.

If Parkland School District cancels or restricts the possession, application, or use of a non-aerosol topical sunscreen product by a student, the school entity shall provide written notice of the cancelation or restriction to the student's parent or guardian.
