

**“THE ‘HOW DO I SAVE FOR COLLEGE AND RETIREMENT?’ PROGRAM.”**

**Real support for real life.**

Planning financially for the future is a priority for most people. But it can also be stressful when you find yourself faced with issues that you have neither the expertise nor the resources to solve. Luckily, you have both at no cost to you through your Employee Assistance Program (EAP)\* offered by your employer.

You can get a referral to a qualified specialist for a free 30-minute financial consultation per topic, by phone. Most issues can be resolved within the initial call, but additional telephone support is available, if needed. In addition, when you take advantage of this service, you'll also receive 25% off tax planning and preparation services through participating tax professionals.
