About the American School of Guatemala/Colegio Americano de Guatemala (CAG)

The American School of Guatemala was founded in 1945 and is an independent, non-profit, non-denominational, college preparatory institution that offers a rigorous academic program modeled after the best educational practices and methodologies of the United States of America. CAG is founded on the principles of a co-educational, bi-cultural (Guatemala-United States), bilingual (Spanish-English) program and are fully accredited in the U.S. by the New England Association of Colleges and Schools and recognized by the Guatemalan Ministry of Education as a Laboratory School.

With enrollment of approximately 1,600 students, we focus on continuity in a P-12 one school model, committed to student-centered learning and community connectedness.

Overview of the Position

In its effort to be a leader in regional independent education, CAG works to promote a robust and well-rounded educational experience through the articulation and implementation of standards across content areas. As such, the middle level, grades 6-8, health teacher embraces and supports the social and emotional challenges facing middle school students while working to align the character development program from the elementary school to the Middle School and make the bridge to the high school Life Skills program. The health course therefore offers the necessary scaffold to support students in understanding and preparing for the rigors and demands of the CAG High School program while also providing the important foundations for an understanding of the self, community, and the impact of choices on one's life.

The teacher needs to have experience with social emotional frameworks and be equipped to teach an in-depth and well-rounded health education class that provides students with the opportunities to develop in the areas of social, physical, emotional, and academic well-being. The teacher will deliver a curriculum that advances the following topics such

as nutrition, substance abuse prevention, human growth and development, and family life are revisited each year with a cumulative emphasis on helping students make intelligent, informed decisions about their own lives. Individuality and mutual respect are central to all Health Education courses.

CAG's Middle School follows the philosophy of the Association for Middle Level Education and the tenants of *This We Believe*, recognizing that Middle School students have special and unique needs that need to be addressed by teachers that fully understand this stage in the life of young adolescents. Teachers work in grade level and department teams and promote communication among the members of the teams as well as subject integration.

DETAILS OF THE POSITION

A successful candidate will:

- Have experience teaching middle level education and health courses to young adolescents. A background in psychology and counseling is preferred. Knowledge of anatomy, physiology, and biology are a plus.
