

Technology Responsible Use/Internet Access Conduct Agreement (K-5)
Bozeman School District #7

The use of the District's electronic network is a privilege, not a right, and inappropriate use will result in loss of this privilege. The system administrator and/or building principal will determine whether a user has violated the procedures governing this privilege and may deny, revoke, or suspend access at any time. That decision is final.

As a student using the district's electronic network, I promise that:

- I will practice Internet safety.
- I will not use a computer to harm other people or their work, or to do anything unlawful.
- I will not damage the computer or the network in any way.
- I will be polite, respectful and honest when using the computer network.
- I will not give anyone my name, phone number, social security number, address or any personal information when using the Internet, nor will I share any personal information belonging to my friends or family members.
- I will not sell or buy anything on the Internet.
- I will promptly report any problems to my teacher.
- If I access an area of the Internet that is offensive, obscene or uses bad language, I will immediately exit the area or quit the Internet application I am using and report it to my teacher.
- I will not view, send or display offensive messages or pictures.
- I will not trespass in another person's folders, work or files.
- I will not copy or download software onto a computer unless I have received permission from my teacher.
- I will not use electronic mail, chat rooms, or other forms of electronic communication while on the Bozeman Schools computer network unless it is for educational purposes and under a teacher's supervision.
- I will not eat or drink at any school computer.
- I will obtain permission and abide by all district responsible-use policies when using a personal electronic communication device.
- I will not share my password with another person or use another person's password.
- I will not engage in cyberbullying. (A good rule to follow is never view, send or access materials that you would not want your teachers and parents to see.) I will tell an adult if I observe online mistreatment of others.
- I understand that the network is maintained by the District; that all Internet access is filtered; and that any files, Internet access or communications may be reviewed or monitored.

The above list does not cover every possible situation. If you have any questions, please ask your teacher or teacher librarian.

Every student, regardless of age, must read and sign below:

I have read, understand, and agree to abide by the terms of the Bozeman School District's policy regarding District-Provided Access to Electronic Information, Services, and Networks (Policy No. 3612). Should I commit any violation or in any way misuse my access to the District's computer network and/or the Internet, I understand and agree that my access privilege may be revoked and school disciplinary action may be taken against me.

Parent or Legal Guardian. (If applicant is under 18 years of age, a parent/legal guardian must also read and sign this agreement.) As the parent or legal guardian of the above-named student, I have read, understand, and agree that my child shall comply with the terms of the District's policy regarding District-Provided Access to Electronic Information, Services, and Networks for the student's access to the District's computer network and/or the Internet. I grant permission for my child to use Social/Collaborative Digital Resources (Google Apps, Moodle, Prezi, and various other Web 2.0/3.0 tools during the year) as directed by the classroom teacher. I understand that access is being provided to the students for educational purposes only. However, I also understand that it is impossible for the school to restrict access to all offensive and controversial materials and understand my child's responsibility for abiding by the policy. I am, therefore, signing this Agreement and agree to indemnify and hold harmless the District, the Trustees, Administrators, teachers, and other staff against all claims, damages, losses, and costs, of whatever kind, that may result from my child's use of or access to such networks or his/her violation of the District's policy. Further, I accept full responsibility for supervision of my child's use of his/her access account if and when such access is not in the school setting. I hereby give my child permission to use the building-approved account to access the District's computer network and the Internet.
