

Exhibit C – Accountability Component of the Contract for the Lee County School District

The State Board shall hold the Lee County School District accountable for the performance of the academic goal listed below.

Goal 1: Each Lee County school will demonstrate proficiency and/or improvement on the CCRPI.

Action 1: Each school will annually develop and execute a school strategic plan designed to demonstrate proficiency and/or improvement on the CCRPI.

Measure 1: School performance goals will be set so that for each year during the seven-year contract, an individual school shall increase its CCRPI score, before challenge points, by 3% of the gap between the baseline year CCRPI score and 100. Baseline year is 2015-16.

OR

Measure 2: For each year during the five-year contract, an individual school with an initial CCRPI score, before challenge points, performing in the top quartile of the state within each grade level shall remain at or above the top quartile threshold established the baseline year. Baseline year is 2015-16.

OR

Measure 3: If a school fails to meet its CCRPI target score, the school will be deemed as meeting its yearly performance target if the school is determined to be “beating the odds” through an analysis that compares the school’s CCRPI to its expected baseline performance as determined by comparison schools statewide having similar characteristics (i.e. ED, ELL, SWD, school size, teacher-to-pupil ratio, etc...).
