

903.4 PUBLIC SOLICITATION IN SCHOOL DISTRICT FACILITIES

I. PURPOSE

The School Board of South Washington County Schools prohibits solicitation in the schools in order to protect students and staff.

II. PUBLIC SOLICITATION

Sales persons, agents, or promoters shall not contact students or staff on school property for the sale of merchandise or services or for the promotion of ideas and interests.

In an effort to share outside opportunities of value to families, and to be more cost effective in the labor associated with disseminating materials, flyers in a PDF format may be shared electronically through "community connection". External agencies may request dissemination of materials as outlined in District Policy 904.

Outside organizations may, at the discretion of the Superintendent or his/her designee, conduct fundraising activities on district property only when such activity is of direct benefit to the students or community.

This policy shall not preclude the Superintendent or his/her designee to collect fees for the operation of school programs, or order-taking for class rings, pictures, yearbooks or similar items.
