Linda Villemarette\*\*

Dee Canada\*\*

April Hooper-Christensen\*\*

Sylvia Mazuera \*\*

Kim Graham\*\*

Dee Canada

Janice Esquivel

Betsy McKinney\*\*

Brian Dickerson \*\*

Brad Kennedy\*\*

Catherine Carlin\*\*

Gwen Perkins\*\*

Sally Derrick

Vanessa Baum

Kathy Riojas\*\*

Dreeny Chen\*\*

Kristen Hess\*\*

Jonathan Wilk

Michael Ramirez

Brian Moersch

David Burke

Wendy Hall

Caleb Rosier

\*\* Denotes SHAC Committee Member

The meeting was called to order at 7:08pm by Health Services Director Sandra Lieck, RN. Ms. Lieck welcomed everyone.

Motion was made to accept the minutes from the 2.16.22 meeting by Catherine Carlin; second by Linda Villemarette. Minutes were accepted as presented.

Ms. Lieck reviewed the objectives of the SHAC Committee for members and guests.

Linda Villemarette, LVN Health Services Department, gave a review of the many service and challenges the department has completed this school year. Among those services are:

Covid Testing – for staff and students

Health Screenings:

Vision for Kindergarten, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup> and 7<sup>th</sup> grade

Scoliosis for 5<sup>th</sup> and 7<sup>th</sup> grade girls, 8<sup>th</sup> gr boys

Hearing for Kindergarten, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup> and 7<sup>th</sup> grade

House Bill 2243 (HB223) has made it possible for school district health services/clinics to stock and administer Nebulizer/albuterol treatment for diagnosed students in need, thus minimizing the need for 911 calls. This has also enabled more students to be able to stay in class with receiving treatment when needed.

Essilor Vision provided mobile clinics for CFBISD. Seventeen clinics were scheduled which served 704 students. There were 412 pairs of glasses dispensed, 103 of those being of a higher prescription. Eighteen students were referred for further care.

During the 2021-2022 all campus nurses were certified as CPR instructors which allows them to train staff on campus when needed.

A COVID Vaccine clinic was provided for students. Vaccines were administered to 250 students.

The Health Services Department also participates in the Vaccine for Children Program through the Texas Dept. of Health. As a provider, 237 students were served, and 577 vaccines were administered.

The Health Services Department also supports District Initiatives such as participating in the Transportation Wellness Fair.

The District also participates in the Children's Health Telehealth Program. Target schools are determined by zip code and ER visits among other criteria.

Ms. Lieck was very thankful that CFBISD adheres to best practices by placing a Registered Nurse at every campus.

PE Update: Michael Ramirez updated the committee on Secondary PE. He explained how PE is going back to pre-covid routines and back to a more "normal" state. One exciting change is introducing Pre-Athletics at the Middle School level by coaches, allowing students to know and be ready for athletics.

Elementary PE updates were presented by Jonathan Wilk who is also looking forward to things returning to normal. Starting in the fall of 2022 the 4<sup>th</sup> grade swim program will return as will the 5<sup>th</sup> grade track meet. The CPR program has been a huge success. Caleb Rossier with the Carrollton Fire Department presented to the committee the CPR instruction and certification that our student groups participated in. All 12<sup>th</sup>, 8<sup>th</sup> and 5<sup>th</sup> grade students across the district were CPR/AED certified. Over 5000 students were instructed in CPR.

Report was given from the Textbook Adoption Subcommittee that the GW Publisher textbook was voted on and a recommendation will be presented to the Board of Trustees for the adoption of the textbook.

Some discussion and explanation about the decision and determination took place.

The meeting was adjourned at 7:47pm.
