This is the land that captivated Lewis and Clark and lit the creative spark in cowboy artist Charlie Russell. It's a Western crossroads where Native Americans, trappers, explorers, cowboys and homesteaders all left their footprints. The trails and stories are still here, waiting for you.

Retrace the Corps of Discovery's fascinating journey at the Lewis & Clark National Historic Trail Interpretive Center which uses state-of-the-art interpretive displays and specially trained guides to bring the adventure to life.

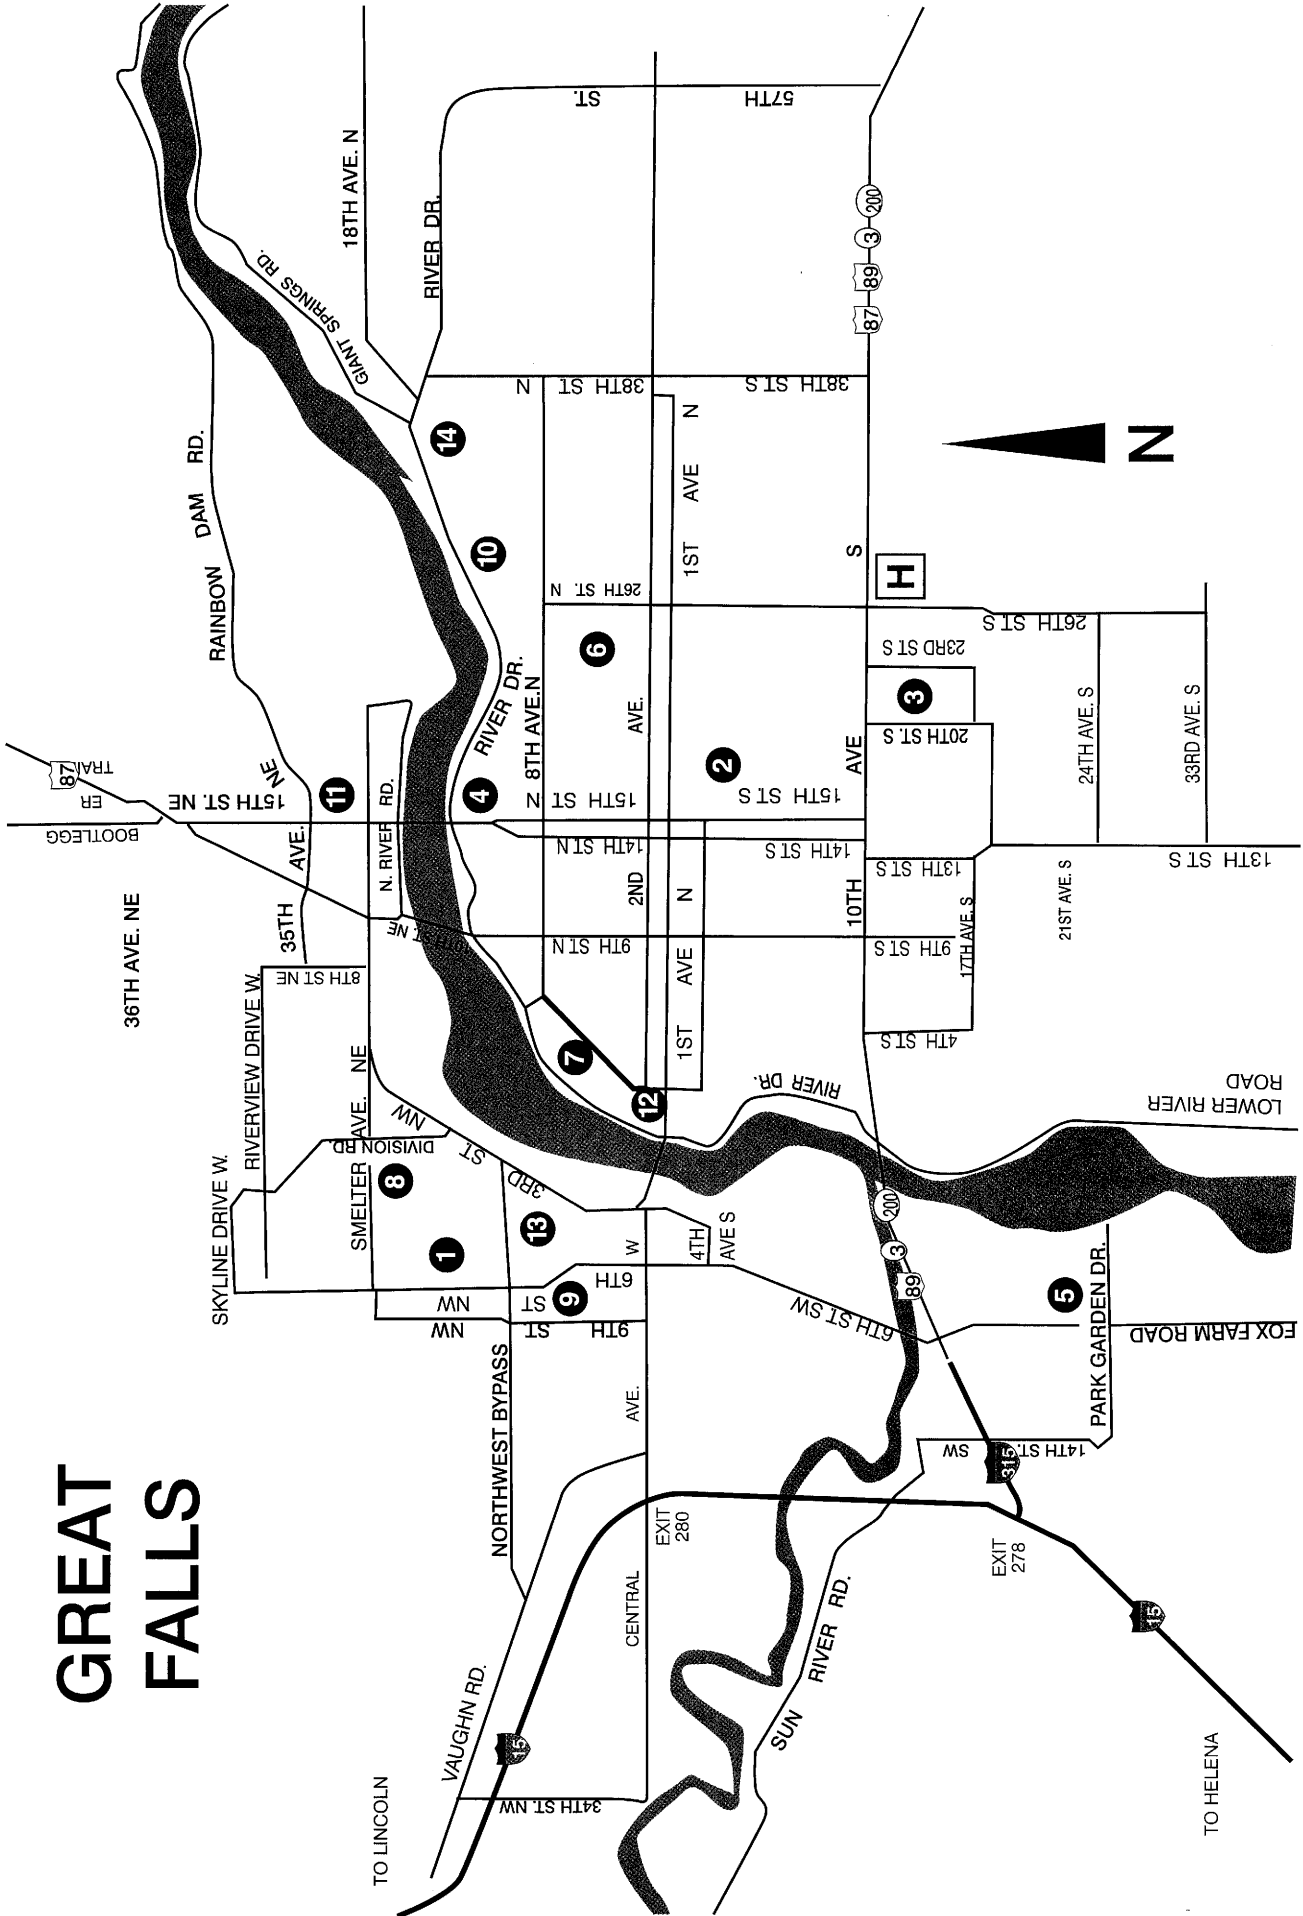

Surround yourself with cowboy culture at the newly expanded C.M. Russell Museum of Western Art. Russell's original log cabin studio and Victorian home, a designated National Historic Landmark, provide a personal look at the man dubbed "America's Cowboy Artist."

Walk the River's Edge Trail and see the waterfalls that give our city its name.

Great Falls is truly a center of Western history and culture. It's also Montana's third largest city, filled with shopping, dining, lodging, entertainment and everything else you need for a weekend get away or weeklong vacation.
