 Council Operations School Operations**POLICY TOPIC DESCRIPTION**

Completion of Data Analysis and School Improvement Planning Policy

POLICY STATEMENT

The principal in collaboration with the administrative team and PLC teams will complete data analysis. Results of this data analysis will be shared with SBDM committees, which in turn will make instructional decisions or adjustments to the current 30 day plan based upon the results.

On a yearly basis the principal in collaboration with the administrative team and council members will analyze state testing data. Appropriately designed tools/books such as PDSA or "5 Why's" and data questions will be utilized.

A quarterly assessment of student progress will be compiled by teachers and administration to analyze interim student progress and to assess whether or not students are on track to meet desired goals.

The reporting will include:

- College and Career Data
- KPREP Data
- EOC Data
- Practice Test Data
- Compass Data
- ALEKS Data
- Non-Academic Data
- MAP Testing Data
- Stars web Data

The principal will be responsible for communicating data analysis results to all relevant stakeholders. The principal will then facilitate the process of using the data to create next steps in the School Improvement Plan or the 30-60-90 day plan in 30 day increments.

Date Adopted: March 21, 2007

Date(s) Amended: November 28, 2012

Rick Wolf
Council Chairperson
