

## Elementary Grade Scale Options for COVID

- The elementary PTP grade scale (1-4, NA) has been amended with special codes to support your remote teaching efforts (\*1, \*2, \*3, \*4, \*NA).
- The special codes are ONLY available as a final score override (not for assignments). If you go to A+ Grading in PowerTeacher Pro, select Standards, and click on a student's standard score.
- As you can see below, the panel on the right opens - the 1-4 buttons you are familiar with are still there, but if you click on the "Codes" button, a drop-down open with the asterisked scores:
