Notes to consider

- Lateness: the time frame is measured per school year. (This is official, so it is definitive)
- In the case of sustained lateness due to trains, weather or traffic conditions, etc, a decision must be made by the Head of Section. This means that students are normally marked late with a reason if there is a delayed train etc. This is acceptable only up to a certain level, not weekly. This is going to be dealt with case by case and led by Heads of Section.
- Only for Lesson 1, a "late" is considered a "late" within the first 15 minutes of the start of the lesson, anything beyond that becomes an **unexplained absence**. Students will still need to present a late slip.
- For late during the day, if a student is more than 10 minutes late for a lesson, it becomes an unexplained absence, without a valid reason. An example of this would be speaking to a Head of Section. The Head of Section will inform the teacher or accompany the student back to his/her lesson.

- For RISS students only, parents need to communicate to our Heads of Sections if there are special circumstances that will affect their normal attendance itinerary in the long term.
