

## WHAT CAN I DO TO INVOLVE MYSELF WITH MY CHILD'S SCHOOL?

- ◆ Visit your child's classroom; a visit will give you an idea of what your child does at school and how she interacts with other children.
- ◆ Volunteer to help in the classroom as an assistant (listening to children read, for example, or serving as an aid during computer work).
- ◆ Support student events and performances by helping them and by attending them.
- ◆ Be part of decision-making committees about school issues and problems, such as Parent Advisory Committee.
- ◆ Ask your child's teacher if he or she has materials that you can use to help your child at home and to supplement homework.

## QUESTIONS TO ASK DURING PARENT-TEACHER CONFERENCES.

- ◆ What are my child's strongest subjects?
- ◆ What can we do to assist him/her with work in the weaker ones?
- ◆ How well does my child get along with other children?
- ◆ Does my child play with a group or only one other child?
- ◆ Is my child working up to his ability? If not, what steps should we take next?
- ◆ How can I work with you to support my child's learning and improve skills at home?
