§ 9.2 The Owner may terminate this Agreement in whole or in part solely for the Owner's convenience ("Termination for Convenience") upon written notice to the Architect, without regard to any fault or failure to perform by the Architect or any other party. In the event of a Termination for Convenience, the Architect shall be paid for all Services performed in accordance with the Contract Documents up to the date of such notice.

§ 9.3 Upon such Termination for Cause or Termination for Convenience, the Architect shall immediately undertake all necessary steps to mitigate the Owner's damages and shall immediately turn over to Owner the originals of all documents that may be needed to facilitate completion of the Services by others.

§ 9.4 The Owner shall have no further liability to the Architect for compensation, expenses, additional fees or anticipated profits for unperformed Services, lost business opportunities, or any overhead or general conditions costs attributable to a termination by the Owner. All amounts payable by the Owner shall be subject to the Owner's right of audit and offset.

#### **ARTICLE 10 MISCELLANEOUS PROVISIONS**

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to the Architect by the Owner prior to the assignment.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively

for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

**§ 10.9** The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

The Architect, with the fullest extent permitted by law, shall indemnify and hold harmless the Owner, and its respective subsidiaries, affiliated, and parent companies, its respective successors and assigns and their respective officers, employees, and agents (collectively referred to as the "Indemnitees") from and against any and all claims, liabilities, loss, damages, fines, penalties or costs ("Claims") of any nature, including reasonable attorneys' fees, whether by reason of death of or injury to any person or loss of or damage to any property or otherwise, to the extent arising out of (i) the negligent acts or omissions of the Architect or any of the Architect's Consultants or their employees or agents or (ii) the breach of this Agreement by the Architect or any of the Architect's Consultants or their employees or agents. Architect's indemnification obligation under this Paragraph shall not apply to the extent Claims are attributable to the negligent acts of the Owner or Indemnitees.

§ 11.10.2.4 Notwithstanding anything to the contrary herein, the Owner may withhold from any payment, the amount which, the Owner's reasonable opinion, is necessary to protect the Owner from any overpayment, claims, damages, lawsuits, or losses, which may result from Architect's failure to perform its services in accordance with the requirements of this agreement.

§ 11.10.2.5 Records of Reimbursable Expenses, expenses pertaining to Additional Services, and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times.

## ARTICLE 12 SPECIAL TERMS AND CONDITIONS

Special terms and conditions that modify this Agreement are as follows:  
*(Include other terms and conditions applicable to this Agreement.)*

§ 12.1 Unless otherwise provided in this Agreement, the Architect and Architect's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of or exposure of persons to hazardous materials or toxic substances in any form at the Project site.

The Owner recognizes that coverage for claims relating to hazardous materials is specifically excluded from XXXX Architects, LLC professional liability errors and omissions policy.

Coverage is unavailable to the design profession via supplemental or additional policies. The Owner further recognizes that it is not economically feasible for XXXXX Architects, LLC to subject itself to any activity exposing it to claims relating to hazardous material inspection, testing, observation, abatement, handling, treatment, or otherwise, and could not undertake this project unless protected from exposure to such claims. Therefore, in consideration of the foregoing, it is agreed as follows:

- a. Nothing in this agreement for professional Architectural services shall be construed or interpreted to include any responsibility relating to the detection, removal, or handling of hazardous materials.
- b. Whenever in this agreement, XXXXX Architects, LLC undertakes to render services of a general or specific nature such services shall be deemed to specifically exclude any involvement or responsibility related to the detection, abatement, handling, or treatment of hazardous materials.
- c. Should the Owner determine the need for inspection, detection, abatement, handling or treatment of hazardous materials, it shall specifically engage and pay for the services of qualified independent personnel who oversee and perform all such activities in accordance with all requirements of law.

d. XXXXXXXX, LLC shall bear no responsibility to the Owner, contractor, or subcontractor for any delay damages claimed to have resulted from activities claimed to relate to the detection, abatement, or handling of hazardous materials known to exist or subsequently discovered upon the premises and agrees that any contract for construction involving a time factor shall specifically provide that the sole remedy of the contractor under such circumstances shall be an appropriate extension of contract completion time and that no damages shall be paid as a result of any such claim delay by the Owner, its agents, servants, or independent contractors.

e. The Architect hereby states, and the Owner acknowledges, that the Architect has no professional liability (errors and omissions) or other insurance, and is unable to reasonably obtain such insurance, for claims arising out of the performance of or the failure to perform professional services, including but not limited to the preparation of reports, designs, drawings, and specifications, related to the investigation, detection, abatement, replacement or removal of products, materials or processes containing asbestos, any other pollutants, or hazardous or contaminated substances. For the purpose of this paragraph the term "claims" includes without limitation claims alleging bodily injury or property damage arising out of the actual, alleged or threatened discharge, dispersal, release or escape of asbestos or pollutants a) at or from the site of the Project; b) which are at anytime transported, handled, sorted, treated, disposed of or processed as waste by or for the Architect or its agents; c) at or from the site of the project if the pollutants are brought onto said site in connection with the Project; or d) with regard to any operations related to testing, detoxifying or neutralizing pollutants. Accordingly, the Owner hereby agrees to bring no claims, as defined herein, against the Architect, its principals, employees, agents and consultants, other than for negligence if such claim in any way would involve the Architect's services related to the investigation of or remedial work related to asbestos or pollutants in the Project. For the purposes of this paragraph, the term "pollutants" includes without limitation any material defined as "hazardous waste" under applicable state or federal law.

**§ 3.2 Schematic Design Phase Services**

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services.

§ 3.2.2 The Architect shall prepare a preliminary evaluation of the Owner's program, schedule, budget for the Cost of the Work, Project site, the proposed procurement and delivery method, and other Initial Information, each in terms of the other, to ascertain the requirements of the Project. The Architect shall notify the Owner of (1) any inconsistencies discovered in the information, and (2) other information or consulting services that may be reasonably needed for the Project.

§ 3.2.3 The Architect shall present its preliminary evaluation to the Owner and shall discuss with the Owner alternative approaches to design and construction of the Project. The Architect shall reach an understanding with the Owner regarding the requirements of the Project.

§ 3.2.4 Based on the Project requirements agreed upon with the Owner, the Architect shall prepare and present, for the Owner's approval, a preliminary design illustrating the scale and relationship of the Project components.

~~§ 3.2.5~~ Based on the Owner's approval of the preliminary design, the Architect shall prepare Schematic Design Documents for the Owner's approval. The Schematic Design Documents shall consist of drawings and other documents including a site plan, if appropriate, and preliminary building plans, sections and elevations; and may include some combination of study models, perspective sketches, or digital representations. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing.

~~§ 3.2.5.1~~ The Architect shall consider sustainable design alternatives, such as material choices and building orientation, together with other considerations based on program and aesthetics, in developing a design that is consistent with the Owner's program, schedule and budget for the Cost of the Work. The Owner may obtain more advanced sustainable design services as a Supplemental Service under Section 4.1.1.

~~§ 3.2.5.2~~ The Architect shall consider the value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics, in developing a design for the Project that is consistent with the Owner's program, schedule, and budget for the Cost of the Work.

~~§ 3.2.6~~ The Architect shall submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

~~§ 3.2.7~~ The Architect shall submit the Schematic Design Documents to the Owner, and request the Owner's approval.

**§ 3.1.7 The Architect shall retain such professional consultants as may be necessary to fully implement the Architects services ("Architect's Consultants"). The qualifications of Architect's Consultants shall be subject to Owner's review and approval. All agreements between Architect and Architect's Consultants shall be subject to the requirements of this Agreement. Architect shall be fully responsible for the timely and proper performance of services by Architect's Consultants to the same extent as if all such services were performed by Architect's own personnel. All costs of service performed by Architect's Consultants and any subconsultant are included in the Contract Price and shall be paid directly by Architect.**

PAGE 7

~~§ 3.4.6~~ The Architect acknowledges that preparation of the Construction Documents will be an evolutionary process, and as such, changes occurring from Owner's review and the participation of Owner's Consultants in the process, including detailed development of the operational program, the development of interior detailing and final selection of finishes, shall be part of the Services.

### **§ 3.5.1 General**

Following the Owner's approval of the Construction Documents, the Architect shall assist the Owner in (1) obtaining either competitive bids or negotiated proposals; (2) confirming responsiveness of bids or proposals; (3) determining the successful bid or proposal, if any; and, (4) awarding and preparing contracts for construction.

~~§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.~~

~~§ 3.6.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.~~

~~§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.~~

~~§ 3.6.2.4 Interpretations and decisions of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith. The Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.~~

~~§ 3.6.2.5 Unless the Owner and Contractor designate another person to serve as an Initial Decision Maker, as that term is defined in AIA Document A201-2017, the Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.~~

### **§ 3.6.3 Certificates for Payment to Contractor**

~~§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has~~

progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect.

**§ 3.6.3.2** The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

**§ 3.6.3.3** The Architect shall maintain a record of the Applications and Certificates for Payment.

#### **§ 3.6.4 Submittals**

**§ 3.6.4.1** The Architect shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in the Architect's professional judgment, to permit adequate review.

**§ 3.6.4.2** The Architect shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

**§ 3.6.4.3** If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

**§ 3.6.4.5** The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

#### **§ 3.6.5 Changes in the Work**

**§ 3.6.5.1** The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

~~§ 3.6.5.2~~ The Architect shall maintain records relative to changes in the Work.

**§ 3.6.6 Project Completion**

~~§ 3.6.6.1~~ The Architect shall:

- ~~1~~ — conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;
- ~~2~~ — issue Certificates of Substantial Completion;
- ~~3~~ — forward to the Owner, for the Owner’s review and records, written warranties and related documents required by the Contract Documents and received from the Contractor; and,
- ~~4~~ — issue a final Certificate for Payment based upon a final inspection indicating that, to the best of the Architect’s knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

~~§ 3.6.6.2~~ The Architect’s inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

~~§ 3.6.6.3~~ When Substantial Completion has been achieved, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

~~§ 3.6.6.4~~ The Architect shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

~~§ 3.6.6.5~~ Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

§ 4.2.2 To avoid delay in the Construction Phase, the Architect shall provide the following Additional Services, notify the Owner with reasonable promptness, and explain the facts and circumstances giving rise to the need. If, upon receipt of the Architect's notice, the Owner determines that all or parts of the services are not required, the Owner shall give prompt written notice to the Architect of the Owner's determination. The Owner shall compensate the Architect for the services provided prior to the Architect's receipt of the Owner's notice.

- .1 — Reviewing a Contractor's submittal out of sequence from the submittal schedule approved by the Architect;
- .2 — Responding to the Contractor's requests for information that are not prepared in accordance with the Contract Documents or where such information is available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner provided information, Contractor prepared coordination drawings, or prior Project correspondence or documentation;
- .3 — Preparing Change Orders and Construction Change Directives that require evaluation of Contractor's proposals and supporting data, or the preparation or revision of Instruments of Service;
- .4 — Evaluating an extensive number of Claims as the Initial Decision Maker; or,
- .5 — Evaluating substitutions proposed by the Owner or Contractor and making subsequent revisions to Instruments of Service resulting therefrom.

§ 4.2.3 The Architect shall provide Construction Phase Services exceeding the limits set forth below as Additional Services. When the limits below are reached, the Architect shall notify the Owner:

- .1 — ( ) reviews of each Shop Drawing, Product Data item, sample and similar submittals of the Contractor
- .2 — ( ) visits to the site by the Architect during construction
- .3 — ( ) inspections for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents
- .4 — ( ) inspections for any portion of the Work to determine final completion.

§ 4.2.5 If the services covered by this Agreement have not been completed within Sixteen ( 16 ) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

§ 5.4 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark. Paragraph intentionally left blank

§ 5.5 The Owner shall furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations. § 5.10 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

## ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar

conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.

**§ 6.4** If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

**§ 6.5** If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

**§ 6.6** If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 — give written approval of an increase in the budget for the Cost of the Work;
- .2 — authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 — terminate in accordance with Section 9.5;
- .4 — in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
- .5 — implement any other mutually acceptable alternative.

**§ 6.7** If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions the Architect could not reasonably anticipate, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3; otherwise the Architect's services for modifying the Construction Documents shall be without additional compensation. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

## **ARTICLE 6 Article Intentionally Left Blank**

**§ 7.1** The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project, agrees that its Services are personal to Owner and considered work for hire and that title to all original drawings, specifications, estimates, field notes, models, digital imagery and other work product ("Work Product") prepared by the Architect and Architect's Consultants pursuant to this Agreement shall belong to Owner at all times during the design process and upon completion and acceptance by Owner. However, the Architect retains and reserves all rights reasonably necessary to provide its professional services to other clients (e.g. the right to use standard details and conventions), but also agrees it shall not reuse the Project's specific design or design elements on other projects. Upon completion of the Services or upon earlier termination and payment of all undisputed monies due, the Architect shall promptly deliver to Owner the originals of all such Work Product, including CAD files. The Architect may retain reproducible copies for its own information and reference purposes. The Owner agrees that it shall not use such Work Product for purposes other than those related to the Project, including, but not limited to any maintenance, renovation and/or remediation and any unauthorized re-use shall be at Owner's sole risk and the Architect shall be relieved of any liability hereunder.

**§ 7.2** The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

**§ 7.3** The Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's

consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

**§ 7.3.1** In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

**§ 7.4** Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

## PAGE 12

**§ 8.1.2** To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201-2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein. Paragraph intentionally left blank

**§ 8.1.3** The Architect and Owner waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

### **§ 8.3 Arbitration**

**§ 8.3.1** If the parties have selected arbitration as the method for binding dispute resolution in this Agreement, any claim, dispute or other matter in question arising out of or related to this Agreement subject to, but not resolved by, mediation shall be subject to arbitration, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of this Agreement. A demand for arbitration shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the arbitration.

**§ 8.3.1.1** A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.

~~§ 8.3.2~~ The foregoing agreement to arbitrate, and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement, shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.

~~§ 8.3.3~~ The award rendered by the arbitrator(s) shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

#### ~~§ 8.3.4 Consolidation or Joinder~~

~~§ 8.3.4.1~~ Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

~~§ 8.3.4.2~~ Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

~~§ 8.3.4.3~~ The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.

...

~~§ 9.1~~ If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

~~The Owner may terminate this Agreement if the Architect: (i) violates or breaches any of the terms, conditions or covenants hereof and does not remedy such violation or breach within ten (10) days after written notice by Owner to Architect of such violation or breach ("Termination for Cause").~~

~~§ 9.2~~ If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

~~The Owner may terminate this Agreement in whole or in part solely for the Owner's convenience ("Termination for Convenience") upon written notice to the Architect, without regard to any fault or failure to perform by the Architect or any other party. In the event of a Termination for Convenience, the Architect shall be paid for all Services performed in accordance with the Contract Documents up to the date of such notice.~~

~~§ 9.3~~ If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

~~Upon such Termination for Cause or Termination for Convenience, the Architect shall immediately undertake all necessary steps to mitigate the Owner's damages and shall immediately turn over to Owner the originals of all documents that may be needed to facilitate completion of the Services by others.~~

~~§ 9.4~~ Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination. The Owner shall have no further liability to the Architect for compensation, expenses, additional fees or anticipated profits for unperformed Services, lost business opportunities, or any overhead or general conditions costs attributable to a termination by the Owner. All amounts payable by the Owner shall be subject to the Owner's right of audit and offset.

~~§ 9.5~~ The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

~~§ 9.6~~ If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination, including the costs attributable to the Architect's termination of consultant agreements.

~~§ 9.7~~ In addition to any amounts paid under Section 9.6, if the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall pay to the Architect the following fees:

~~(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)~~

~~.1 — Termination Fee:~~

~~.2 — Licensing Fee if the Owner intends to continue using the Architect's Instruments of Service:~~

~~§ 9.8~~ Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

~~§ 9.9~~ The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

The Architect, with the fullest extent permitted by law, shall indemnify and hold harmless the Owner, and its respective subsidiaries, affiliated, and parent companies, its respective successors and assigns and their respective officers, employees, and agents (collectively referred to as the "Indemnitees") from and against any and all claims, liabilities, loss, damages, fines, penalties or costs ("Claims") of any nature, including reasonable attorneys' fees, whether by reason of death of or injury to any person or loss of or damage to any property or otherwise, to the extent arising out of (i) the negligent acts or omissions of the Architect or any of the Architect's Consultants or their employees or agents or (ii) the breach of this Agreement by the Architect or any of the Architect's Consultants or their employees or agents. Architect's indemnification obligation under this Paragraph shall not apply to the extent Claims are attributable to the negligent acts of the Owner or Indemnitees.

§ 12.1 Unless otherwise provided in this Agreement, the Architect and Architect's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of or exposure of persons to hazardous materials or toxic substances in any form at the Project site.

The Owner recognizes that coverage for claims relating to hazardous materials is specifically excluded from XXXXXXX, LLC professional liability errors and omissions policy.

Coverage is unavailable to the design profession via supplemental or additional policies. The Owner further recognizes that it is not economically feasible for XXXXXXXXX, LLC to subject itself to any activity exposing it to claims relating to hazardous material inspection, testing, observation, abatement, handling, treatment, or otherwise, and could not undertake this project unless protected from exposure to such claims. Therefore, in consideration of the foregoing, it is agreed as follows:

a. Nothing in this agreement for professional Architectural services shall be construed or interpreted to include any responsibility relating to the detection, removal, or handling of hazardous materials.

b. Whenever in this agreement, XXXXXXXXX, LLC undertakes to render services of a general or specific nature such services shall be deemed to specifically exclude any involvement or responsibility related to the detection, abatement, handling, or treatment of hazardous materials.

c. Should the Owner determine the need for inspection, detection, abatement, handling or treatment of hazardous materials, it shall specifically engage and pay for the services of qualified independent personnel who oversee and perform all such activities in accordance with all requirements of law.

d. XXXXXXXXX, LLC shall bear no responsibility to the Owner, contractor, or subcontractor for any delay damages claimed to have resulted from activities claimed to relate to the detection, abatement, or handling of hazardous materials known to exist or subsequently discovered upon the premises and agrees that any contract for construction involving a time factor shall specifically provide that the sole remedy of the contractor under such circumstances shall be an appropriate extension of contract completion time and that no damages shall be paid as a result of any such claim delay by the Owner, its agents, servants, or independent contractors.

e. The Architect hereby states, and the Owner acknowledges, that the Architect has no professional liability (errors and omissions) or other insurance, and is unable to reasonably obtain such insurance, for claims arising out of the performance of or the failure to perform professional services, including but not limited to the preparation of reports, designs, drawings, and specifications, related to the investigation, detection, abatement, replacement or removal of products, materials or processes containing asbestos, any other pollutants, or hazardous or contaminated substances. For the purpose of this paragraph the term "claims" includes without limitation claims alleging bodily injury or property damage arising out of the actual, alleged or threatened discharge, dispersal, release or escape of asbestos or pollutants a) at or from the site of the Project; b) which are at anytime transported, handled, sorted, treated, disposed of or processed as waste by or for the Architect or its agents; c) at or from the site of the project if the pollutants are brought onto said site in connection with the Project; or d) with regard to any operations related to testing, detoxifying or neutralizing pollutants. Accordingly, the Owner hereby agrees to bring no claims, as defined herein, against the Architect, its principals, employees, agents and consultants, other than for negligence if such claim in any way would involve the Architect's services related to the investigation of or remedial work related to asbestos or pollutants in the Project. For the purposes of this paragraph, the term "pollutants" includes without limitation any material defined as "hazardous waste" under applicable state or federal law.
