

## 2022-2023 English 10 Pre-AP/Honors Summer Assignment

Mrs. Epperson

*1984* by George Orwell **OR** *Life of Pi* by Yann Martel

Your assignment:

1. Choose either *1984* or *Life of Pi*. **You may check out a copy of either novel from the Tokay library the week of finals (May 31st- June 3rd) after school, or from the public library (limited supply). You may also choose to purchase the book.**
2. Read and annotate the novel. Use 4 different colored sticky notes for your annotations, or label them appropriately if they are all the same color. You need to annotate for questions you have while reading, connections to other texts/current events/movies/songs, evaluations of the text (what you like/dislike; opinions, etc.) and clarify (summarize) important parts. There should be at least 10 of each of these within the book (40 total). You will be turning the book in on the first day of school, so be sure to have them stuck to the pages as you read!
3. Sign up for Google Classroom using the course code: **uadku2f**
4. In Google Classroom, complete the Novel Notes for the book you chose.

On the first day of school, you will be turning in your annotated book and Novel Notes.

**I will not accept summer assignments late, so make sure to complete these prior to the first day of school! Not doing the summer assignment is not a valid reason to drop the class.** Be prepared to write about your novel choice on the first day of school.

Summer assignment is worth 80 points in your Writing/Projects grade.

If you have any questions, please email me at [eepperson@lodiussd.net](mailto:eepperson@lodiussd.net). I look forward to meeting you on the first day of school!
