# Welcome to THE TECHNOLOGY CLASSROOM

## VIRTUAL MEET THE TEACHER

Hello! My name is Haley Miller. In the classroom, I go by Ms. Miller. I am an ETSU graduate with a Bachelor degree in Physical Education and a Minor in Coaching. I am the head coach of the JCMS softball team. This will make my third year as the Elementary Technology teacher for all elementary schools in our county. Technology is something I have grown a passion for teaching as it is something that is becoming much more prevalent in our growing society.

## Classroom Supplies Needed

- *Your own headphones, earbuds, etc. (These can be purchased at the dollar store for a few dollars or less.)*
- *Personal hand sanitizer if you choose to do so. Students will be using the same computers as others. They will be sanitized between classes, but for extra precaution, I recommend having your own sanitizer for use before or after use of computers and keyboards.*

## Classroom Expectations

- Always do your best work.
- Raise your hand before speaking.
- Be RESPECTFUL. Treat others the way you would want to be treated.
- Keep your hands to yourself.
- Help keep the classroom clean.
- Listen when Ms. Miller or any other quest is speaking.
- Last but not least, Let's have fun!
