

2020-2021 ANNUAL REPORT

625 SOUTH ST. ANDREWS PLACE, LOS ANGELES, CA 90005 | (213) 382-2315 | SJSLA.ORG

MISSION STATEMENT

St. James' Episcopal School is a diverse, joyful, and inclusive community of learners. With a focus on academic excellence and attention to the needs of each child, we strive to instill in our students intellectual curiosity, compassion for others, and respect for all of God's creation.

PHILOSOPHY

Paramount to our philosophy of teaching and learning is the belief that intelligence is neither a fixed nor an unchanging commodity. St. James' intentionally expands each child's capacity for learning in a thoughtfully designed environment where children are not just "taught;" they are encouraged to explore, investigate, work collaboratively, and as John Dewey exhorted over a century ago, treat the classroom as a laboratory where the child is on a joyous and constant journey for knowledge and understanding.

We believe that children should have the opportunity to construct meaning as they assimilate knowledge. Rather than merely providing rote learning in our classrooms, we encourage our teachers to stretch the children's ability to analyze, synthesize, and evaluate what they learn; to apply their learning to new situations; and to apply what they learn to serving and leading in a complicated but beautiful world. As a 1:1 technological device institution, technology is essential to our work with children as they leverage technology responsibly, creatively and with facility on their lifelong path of learning. A rich socio-emotional curriculum through the visual and performing arts, athletics, student clubs and activities provides children with generous time for what Dewey referred to as collateral instruction, and the assurance that every child is seen, heard and expresses their feelings daily. We know that such a practice ensures intellectually and socio-emotionally successful students.

St. James' primary purpose is to provide our students with the thinking strategies they will need to apply in order to serve and lead in the world. Through a rigorous academic and affective program, grounded in the practice of empathy and imbued with regular service for those who are hungry or unhoused in Los Angeles, we graduate servant leaders who will go on to have an enormously powerful and balming influence on the world as caring global citizens. Our students and graduates hold a profound appreciation for the differences that mark each human being as an individual of inestimable worth and dignity.

STATEMENT OF NON-DISCRIMINATION

St. James' Episcopal School admits students of any race, color, national and ethnic origin, religion and gender to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin, religion or gender in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school administered programs.

LETTER FROM THE HEAD OF SCHOOL

Dear Families,

The 2020-21 School year was challenging for our community as we continued to navigate the challenging pandemic, support our hardworking staff while also ensuring that our most vital commitment - to provide socio-emotionally and academically sound instruction to our students was effectively met. Your support, generosity and commitment to fostering community has been so important to our school. Thank you.

Your generosity allowed for the successful launch of St. James' at Home in the spring of 2020, the accelerated calendar for our plan to shift to a 1:1 school, where each elementary school student receives a laptop or iPad for their learning, and continuing in our multi-year initiative to have the strongest differentiation program of our peers. These program refinements help to secure St. James' as one of the strongest preschool and elementary schools in Southern California. I am truly so grateful to you.

Much of our community generosity is exhibited through the historic year for the Every Child Fund, where we reached almost one million dollars in donations. My thanks to both Jennifer Lin and Caroline Chiles for their excellent work on leading this effort, and to Jina Park, who served ably as ECF chair emerita. Also, Jules Leyser, a longtime gala committee member stepped in as our Interim Director of Advancement and Communications; Jules' work in relationship building during this year was so helpful in expanding our philanthropic culture at St. James'.

Most importantly, I want to acknowledge the tireless work of our board of trustees, and Rich Chisholm, our board chair. The board has been integral and essential in the school navigating this pandemic while continuing to steward policies that have allowed us to pay our employees generously and fairly. Thanks to our board's careful work, we have historic liquidity and a stellar investment portfolio. I am very grateful to them for their support, vision and leadership.

I am very excited about St. James' present - and enthusiastic and confident about this tremendous school's future. My thanks again for all that you have done to support our community.

LETTER FROM RICH CHISHOLM PRESIDENT OF THE BOARD OF TRUSTEES

The true test of a community is not how it functions in the good times but how it performs in the challenging times. And I could not be more proud of how the St. James' community has not just weathered the pandemic but has thrived in the midst of it.

These are challenging times. I remember working with Peter Reinke at the outset of this Covid pandemic when we decided to close the school for two weeks before Spring Break 2020. We fully expected to re-open St. James' after the four weeks had elapsed. And, we were only a year off (along with most other people that responded to the pandemic)!

Yet there is so much to be proud of during these times including some of these highlights:

- The incredible efforts of the staff in putting together the St. James' at Home program in a matter of weeks that allowed our children to continue their robust education while also feeling emotionally supported.
- The efforts of the entire community led by Peter Reinke to be one of the first private elementary schools in Los Angeles to resume full time in-person learning back in March of 2021.
- How, fortunately, we had already raised funds for a 1:1 program which allowed us to fulfill every student request for an iPad or Chromebook during the St. James' at Home program.
- The nimbleness and compassion of the community to create financial aid programs to ensure that no family would have to leave St. James' for the 2020-2021 school year because of the financial difficulties raised by the pandemic.
- The fact that we set new fundraising records for the Every Child Fund because of the incredible generosity shown by our community.

Perhaps most importantly, however, was the love and patience we showed each other during this period despite the stresses of having our children at home and having widely divergent views on the best path forward.

I firmly believe that the "secret sauce" of St. James' is not the excellent education (which, of course, is essential) or even the amazing staff that we are blessed to have but it is our community. It is you and your children.

Thank you for making St. James' the special place we all know it is.

Rich Chisholm
President of The Board of Trustees

Annual Giving is our philanthropic priority at St. James' and during this extraordinarily challenging year, the St. James' community demonstrated that our school is a philanthropic priority in their lives. With many families experiencing sudden hardships due to the Covid-19 pandemic, the goal for the annual fund was reduced. By the end of the school year however, the annual fund had raised \$958,126 – a comparable amount to previous years. This show of support for St. James' during this difficult year is a testament to our community and the uniquely supportive environment our students enjoy.

The annual fund, referred to as The Every Child Fund, provides investment in our school that in turn delivers enhancements right across the board; from curriculum to campus to staff professional development to family tuition assistance – a wide array of resources that will set up every child for success.

As the cornerstone of our philanthropy at St. James', The Every Child Fund directly impacts all students by supporting:

- Differentiation in the classroom. The Every Child Fund supports our multi-year plan to have two lead teachers in each classroom for all core curriculum.
- An expanded Performing Arts Department to include dance and drama as well as instrumental music.
- An expanded Servant Leadership Program including a dedicated food pantry run by the 6th grade.
- The Teaching & Learning Institute to foster growth minded, enthusiastic and empathetic instruction.
- Beyond School, our tuition-inclusive after care program.
- Professional Development to ensure teachers identify and support the socio-emotional needs of our students.
- Accessible and affordable tuition per the parish and school mission to be accessible to Los Angeles families.
- Generous tuition-assistance to ensure a socio-economically diverse student body.

2021 SPRING GALA

The Back To Life Gala was the first time many of us had attended a large celebration in well over a year and the joy at being together again was palpable. Planning this fun night whilst following all COVID-19 safety protocols was not straightforward but the 2021 Gala Committee knocked it out of the park. This incredible group of women pivoted from planning a virtual event to an in-person party with just five weeks notice.

Enormous thanks to gala chair, Jina Park, and committee members Caroline Choe, Erin David, Lenore Douglas, Yolanda Felton, Teresa Keith, Luci Kim, Susannah Laracy, Perrine Mann and Sarah O'Brien.

Prior to the gala itself, we hosted an elegant Gala Sponsorship Dinner in the garden at the Head of School House which was attended by St. James' families. These philanthropic parents raised funds specifically for the Beyond School program.

The two events, the Gala Sponsorship Dinner and the Gala itself, grossed \$291,000 with net proceeds totaling \$95,000 for Beyond School and \$139,000 for The Greening of St. James'.

At St. James' we often talk about our special community and the gala planning, sponsorship dinner and event itself were the perfect demonstration of this. Many parents supported the gala committee in the late stages by helping to put together class baskets for the silent auction. Other volunteers helped to set up on the day of the event and the greatest testament to our school community was the turnout on the night. The school field was buzzing as we celebrated our first steps upon the long road Back To Life!

WAYS OF GIVING

Your support helps make St. James' an exceptional place for learning! Your gift can be in cash, check, credit card or appreciated assets. You can make a one-time annual gift or pay a pledge in installments. Please contact the Advancement Office to make any special arrangements or discuss your questions.

GIFTS OF CASH

Personal checks and/or credit and debit card payments are the most popular ways to give.

MEMORIAL/TRIBUTE GIFTS

Make a gift to The Every Child Fund in memory or in honor of a teacher or a loved one. This thoughtful gesture will be recognized in the St. James' Episcopal School Annual Report.

GIFTS OF SECURITIES

Appreciated securities are one of the most tax-efficient ways to support St. James'.

MATCHING GIFTS

Many companies will match gifts made by employees. Contact us for details.
