Camp Health & Safety

Maclay has a registered nurse on campus to help support the safety and wellness of our campers. All campers must sign a waiver, produce immunization records, and follow our safety protocols. Before arrival to camp each morning, please screen your child for presence of acute illness symptoms. Any camper with symptoms present will be asked to stay home until symptoms have resolved (without the use of medication) for at least 24 hours. As always, seek medical attention and testing when appropriate.

The following is a list of symptoms:

- **Fever of 100.0 or greater**
- **Chills**
- **Nausea or vomiting**
- **Diarrhea**
- **Cough**
- **Congestion or runny nose**
- **Shortness of breath or difficulty breathing**
- **Fatigue**
- **Muscle or body aches**
- **Headache**
- **New loss of taste or smell**

We understand some of these symptoms are present with chronic medical conditions (i.e., migraines, allergies, asthma, etc.) Please have medical conditions and diagnoses listed on camper's medical form prior to enrollment. Thank you for practicing and modeling good hand hygiene and staying home when sick.

Please communicate with the Health Center if you are keeping your child home for illness and/or injury related reasons so that we may discuss our return to camp guidelines related to specific diagnoses. For these discussions or any questions about our health and safety protocols please contact the Health Center at 850-893-5030 or healthcenter@maclay.org
