

Dear Parents and Campers,

We extend a warm “welcome” to our new camp families joining us for the first time this summer and to our returning campers and families. Summer Camps at Maclay started more than thirty years ago and has grown into a fun, full summer filled with a variety of academic, athletic, artistic, and just plain fun activities for all ages. We like to say it's more than a camp – it's an experience!

We are excited to have your child registered for **Drawing Nature Camp beginning Monday June 6th, from 8:30am-12pm**. Our Summer Camp team has spent the last several months preparing for an awesome summer for your camper. Please review the information below before the first day of camp.

Camp safety:

Maclay has safety guidelines in place for summer camps. All campers must sign a waiver and produce immunization documents. Before camp each morning, campers must do a self-screening for symptoms before arrival.

Of particular importance, the below policy is in place because of our interaction with minors. We believe adults on our campus can be trusted to make responsible decisions about their own health, but it is the school's responsibility to maintain safety of all minors on our campus and under our care.

- Any individual who will interact with students or campers must wear a mask unless the following is completed.
 - Complete [registration](#) with the Maclay Health Center.
 - Once the registration is submitted, a fully vaccinated individual may be mask-optional in all settings on campus.
- Any individuals who have not completed the full vaccine series should follow the guidance below:
 - Outdoors: Mask-optional and seek to maintain social distance from other individuals when on campus.
 - Indoors: Must wear a mask when indoors.
- We encourage ALL to continue good hand hygiene and positive modeling for all campers, students, and each other.
- If camps travel off campus, our campers and staffers will follow the policies of the host organization or business.

If you have any specific questions about safety protocols or eligibility for being mask-optional on campus, please contact the Health Center at 850-893-5030 or nteems@maclay.org.

The following DAILY questions must be answered “NO” before drop-off each day

- Have you had flu-like symptoms in the last 24 hours?
- Have you taken any fever-reducing medication in the last 24 hours?
- Have you been exposed to COVID-19 in the past 10 days?
