The Story of a Little Girl from Birth to Adulthood

There was a little girl who was born in 1995 at Community Hospital North

Her mother and father were both educators

She lived in Village Farms and she attended Shamrock Springs Elementary School

In May of her 3rd grade year, her parents told her that she was moving to Monrovia Elementary School and she was going to meet new friends and how exciting that was going to be for her.

She moved in June of 2005 to Monrovia and started a new life.

She attended MMS/MHS and transferred to to Beech Grove High School and graduated in 2014.

Attended Anderson University and currently teaches at Fallbrook Elementary in California!
