URGENT IMMUNIZATION REQUIREMENT

TDAP Vaccine – 1 dose

Colorado law has additional immunization requirements for all Middle School Students. The TDAP vaccination offers adolescents and adults added protection against pertussis (whooping cough). It may also prevent the transmission from adolescents and adults to infants. One dose of Tdap vaccine is required for students between the ages of 11-12 years of age.

1. All students must have written documentation of the additional vaccine prior to starting classes for the 2019-2020 school year. Please check your child's shot record or check with your child's health care provider and schedule an appointment to obtain this required vaccine.

3. If you child does not have a primary care provider contact **TRI-COUNTY HEALTH DEPARTMENT** or **THE BROOMFIELD COUNTY HEALTH DEPARTMENT**
