### **Graduation 2022**

**SENIOR PARENTS:** please click [here](#) for information on the 2022 Graduation.

*Each graduate will receive 4 total tickets- 2 Reserved and 2 General Admission.*

*Such practice has been in place so we can accommodate each of our Graduate's families and respect the guest limit of the Cathedral. As stated in the information packet, "Brothers who currently attend Roman may volunteer as ushers or altar servers and would not need a ticket." We cannot guarantee requests for additional*

*tickets. We certainly understand this may cause some frustration, but there is a physical limit to the Cathedral and we want to ensure each of our Graduates and their families have an equitable experience on such a special day. We are exceedingly grateful for your understanding. It will be livestreamed.*

## Mental Health Awareness Month

Maintaining your mental health is just as important as maintaining your physical health. Here are ten ways to improve your mental health:

1. **Get enough sleep** The amount of sleep you get impacts your mood. Keep to a regular sleep schedule with a minimum of eight hours of sleep each night.
2. **Exercise** Your body produces mood-improving chemicals when you exercise called endorphins. Strive to add physical activity into your daily routine.
3. **Open up to someone** Talking about your feelings is a great way to process them. Talk to a family member or friend when you have a problem or something is bothering you.
4. **Be grateful** Notice the things that you are thankful for in everyday life. Regularly reflect and feel grateful for these things.
5. **Help someone else** Helping others makes you feel good and has been proven to reduce stress and increase mental health.
6. **Be mindful** Mindfulness is being aware of the world around you and focusing on what you are experiencing. Remind yourself to be fully present and focus on the now.
7. **Eat healthy** Research shows that nutrient-rich foods can improve your brain functioning.
8. **Deal with stress** Stress can take a toll on your mental health. Make a list of what stressors you have and then come up with a plan on how to deal with them.
9. **Reflect** Put away the screens and take time each day to rest, relax, and reflect.
10. **Reach out for help** Just like with our physical health, mental health can at times require the help of a professional. Reach out to a counselor or family doctor when needed.

## Tips for Addressing Academic Concerns

● **Monitor PowerSchool**—parents have access to PowerSchool, which allows them to closely monitor their son’s performance in his coursework. Login information was mailed to each family at the start of the school year. If you are still in need of PowerSchool login information, please contact Mrs. Shipton at [mshipton@romancatholicshs.com](mailto:mshipton@romancatholicshs.com)

● **Open Dialogue with your Son**—As grades are entered into PowerSchool, have a conversation with your son about both the positive grades as well as the grades that need to be improved. Providing your sons with positive feedback throughout the marking period often makes it easier to address academic obstacles. When assignments are missing or test grades are low, this timely dialogue with your son is critical. *The importance of completing work on time and studying for assessments is critical to a student’s success at Roman Catholic High School.*

● **Email the Teachers**—the Roman Catholic Faculty is comprised of many talented educators who are here to support your sons along their academic journey. After having a conversation with your son, please feel free to reach out to your son’s teachers through email.

● **Please give teachers 48 hours to respond** as their teaching loads consist of around 150 students. Also, feel free to copy the Department Chair for the academic discipline on your correspondence to the teacher. The Department Chair emails can be found below:
